Welcome to the County of Henrico public hearing on the proposed Ridge Road Sidewalk Improvement project. The purpose of this hearing is to provide an opportunity for citizens or organizations to provide comments on the proposed project. The County wants all members of the community to have the opportunity to participate in public involvement on projects affecting them. The County representatives are present to discuss the project and answer your questions. Comments can either be submitted using the comment form or via County's website at:

<https://henrico.us/projects/ridge-road-sw/>

County staff will address all questions and concerns raised as a result of this public hearing.

Purpose: To improve safety and access along Ridge Road to accommodating the needs of pedestrians and cyclists.

Anticipated Cost: \$2,100,000

Anticipated Schedule:	Right of Way Acquisition:	August 2021
	Utility Relocation:	August 2022
	Begin Construction:	May 2023*
	Project Completion:	May 2024*

*Pending availability of grant funding for construction

Project Description

The Ridge Road Sidewalk Improvement project will construct 0.36 miles of 5-foot-wide sidewalk with a 2-foot-wide grass strip adjacent to the existing curb and gutter on the southwest side of Ridge Road between Old Providence Circle and N. Ridge Road. The grass strip may be widened or eliminated and/or the sidewalk narrowed to 4-foot-wide in areas dictated by field conditions such as major utility conflicts. The new sidewalk will tie into segments of existing sidewalk along the corridor near Carter's Ridge Subdivision and Walgreens Pharmacy. Approximately 260-feet of new curb and gutter and roadway widening will be constructed along the southwest side of Ridge Road between Zionsville Road and the adjacent business parcel.

Environmental Review

The County has hired consultants to review the environmental impacts of the project. As a result of this review, a determination will be made concerning the construction impacts of the project. We anticipate this will result in the finding of no significant impacts. During construction, all reasonable efforts will be made to protect the environment with respect to dust control, siltation, and erosion. Construction will conform to the County's specifications and special provisions and the Virginia Department of Soil and Water Conservation regulations.

Civil Rights

Representatives from the County are present to discuss the project and answer your questions. It is the responsibility of the County to ensure that all members of the community are afforded the opportunity to provide comments and participate in public decisions on projects affecting them. The County ensures nondiscrimination in all programs and activities in accordance with Title VI of the Civil Rights Act of 1964.

Right of Way

Displays at this hearing shows the extent of easements and right of way that may be needed as the project is currently proposed. As the design is further developed, additional easements and right of way may be required beyond what is shown in the current plans. Property owners will be informed of the exact location of the easements during the right of way acquisition process and prior to construction.

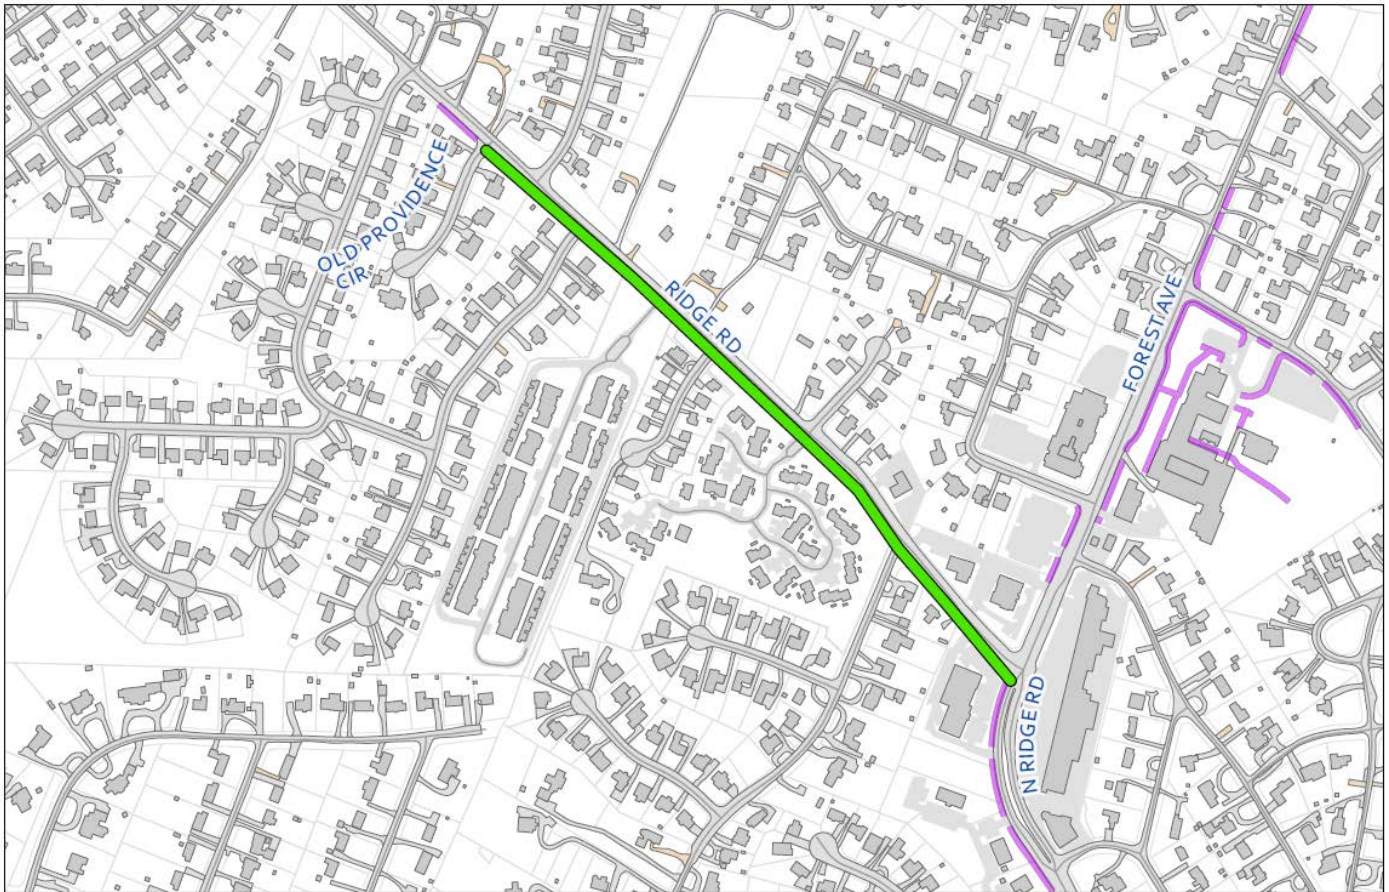

Get Involved

The public comment period will close on June 23, 2021, following the public hearing. County representatives will review and evaluate any information received.
