

## NEIGHBORHOOD LEAF NOTICE

*Under Section 18-3 of the Henrico Country Code, we request that you take steps to remove leaf piles adjacent to your property.*

Piles of leaves on roads or ditches can:

- restrict drainage
- impede traffic flow
- contribute to stormwater pollution
- detract from neighborhood attractiveness

While we ask that your bags/piles of loose leaves are accessible on the front of your property, please do not block traffic lanes, parking, or drainage ditches, as county ordinances restrict the placement of leaves in these locations.

Please remove the leaves from the public right-of-way or arrange for their removal by **[DATE]**.

If your leaves are not removed by that date, County crews will queue an order to vacuum the leaves, and the County will apply a \$30.00 charge to your County utility bill.

**Please disregard this notice if a vacuum service order has already been placed, or there are no leaves in the street or public right-of-way in front of your property.**
