

**Henrico Health District Contact Information
For Healthcare Professionals and Practices**

Disease Reporting:

Report confirmed cases and suspected cases of reportable diseases in Henrico County to the following address and phone number during normal business hours:

**Virginia Department of Health
Henrico County Health Department
8600 Dixon Powers Drive
P.O. Box 27032
Richmond, VA 23273
Telephone: 804-501-5216 or 804-501-4521
Fax: 804-501-4108**

See http://www.vdh.virginia.gov/epidemiology/documents/pdf/reportable_disease_list.pdf for a list of reportable diseases. Routine reports should be mailed to the above address using the Epi-1 form. Reports can also be faxed to 804-501-4108. Diseases of public health importance as noted in the list of reportable diseases, must be reported within 24 hours by the most expedient means available, including fax and telephone. Fax transmissions may be followed up with a telephone call to verify receipt.

After Hours Contact Information:

Normal business hours are from 8:00am to 4:30pm, Mondays through Fridays, excluding State Holidays. When rapidly reportable diseases and public health emergencies occur during non-business hours, please contact the health department by using the toll free emergency paging system:

Toll Free, 24hr Emergency Paging Service: 1-866-531-3068

This number will contact a paging service, who will then contact the Epidemiologist, Health Director, and/or Emergency Planner using the contact information that they have on file.
