

# Arrive Alive

Henrico County is committed to providing a safe transportation network. Arrive Alive Henrico is the County's plan to improve roadway safety for all users. The development of Arrive Alive Henrico is funded through the U.S. Department of Transportation's program [Safe Streets and Roads for All \(SS4A\)](#).

## Solutions will be integrated across the four Es of roadway safety

### Engineering

Designing safer facilities for all users

### Education

Building a culture of traffic safety

### Enforcement

Reinforcing safe travel behaviors

### Emergency Response

Saving lives through rapid response

Fall 2024

Develop Strategies

Round 2 Public Engagement

Winter 2024

Plan Development

**SAFETY ACTION PLAN**

## Commit to safer streets

### Slow down

Higher speeds lead to more severe injuries for drivers, passengers, and other road users during a crash.

### Stay alert

Be aware for all road users regardless of your transportation mode.

### Use safety devices

Remember to wear your seatbelt in the car and use reflective lights on your bike.

### Spread the word

Tell your family, friends, and colleagues about the planning process.
