

Message from the Manager

On behalf of the Board of Supervisors and the Department of Finance, I am pleased to present the County of Henrico, Virginia, Popular Annual Financial Report (PAFR) for the fiscal year ended June 30, 2024. The PAFR is an unaudited summary of the financial activities and position of the County based on the Annual Comprehensive Financial Report (ACFR). Cherry Bekaert, LLP Certified Public Accountants issued an unmodified opinion for the ACFR in December 2024. These reports fulfill the Board of Supervisors and County Manager's commitment to timely and transparent financial reporting and accountability to residents and stakeholders. Our financial reports are available

online at https://henrico.gov/finance/divisions/accounting/.

The Government Finance Officers Association of the United States and Canada (GFOA) awarded the Certificate of Achievement in Popular Annual Financial Reporting to the County for the fiscal year ended June 30, 2023. This was the fifth consecutive year the County received this prestigious award.

Henrico remains a great place to live, work, and play in the region and across the Country. This year we announced plans to invest \$60 million in affordable housing utilizing revenue from data centers. Private investment continued at a rapid pace during the year with multiple economic development announcements including Berkley Insurance, Sentara Health, DPR Construction, and Owens & Minor announcing location or expansion plans in Henrico. In March 2024, all three major credit agencies reaffirmed the County's triple-AAA

credit rating for the twenty-second consecutive year. This prestigious honor reflects the County's commitment to principled fiscal planning and execution.

We deliver services and attract investment in the community while maintaining the lowest tax burden of the 10 largest localities in Virginia. This type of performance is a testament to the leadership and vision of our Board of Supervisors and the result of exceptional execution by our over 12,000 school and county government employees to whom we express our sincerest appreciation.

There's a lot to be excited about in Henrico, and we appreciate you taking an interest in our annual

financial results. I invite you to read further about the great work happening in the County and to stay engaged in your community by visiting our website, *henrico.gov/* or contacting our office at (804) 501-4000.

Respectfully,

grape C. Ball

John A. Vithoulkas County Manager

Where The Money Comes From

The general funds of the County and School Board account for all revenues of the County which are not accounted for in the other funds. Revenues are primarily derived from general property taxes, local sales taxes, license and permit fees, and revenues received from the Commonwealth of Virginia. The County's component units include the School Board and James River Juvenile Detention Center, however, for purposes of this report, only School Board component unit information is included.

Real estate tax revenue is the County's largest revenue source and reflects the recognition of the second half of the calendar year 2023 and the first half of the calendar year 2024 real property tax. The Real estate tax revenue collected during fiscal year 2024 was \$494.2 million, an increase of \$41.5 million or 9.2% from fiscal year 2023 due to increased property values. Through prudent financial management, Henrico County has maintained the lowest real estate tax rate among Virginia's ten largest localities.

Primary Government Net Position

The Governmental Accounting Standards Board (GASB) defines Net Position as: Assets + Deferred Outflows less Liabilities + Deferred Inflows. In other words, Net Position of governmental activities reflects the difference between all economic assets and liabilities, both short-term and long-term. This chart summarizes the revenues and expenses (in millions) for all the County's activities for the fiscal years ended June 30, 2023, and 2024 and how the difference in revenues and expenses increased ending net position. More detail can be found in Exhibits 1 and 2 of the Annual Comprehensive Financial Report for Fiscal Year ended June 30, 2024.

The County's net position increased by 5.9%, or \$193.0 million to \$3,451.5 million from \$3,258.5 million. Both Governmental Activities and Business-type Activities contributed to the increase in net position.

The net position of the County's governmental activities increased by 6.7%, or \$126.4 million to \$2,004.8 million (ACFR, Exhibit 2). Net Investment in Capital Assets increased by \$117.6 million. GAAP requires the County to report all assets financed by the issuance of general obligation bonds backed by the full faith and credit of the County. Restricted net position decreased by \$182.9 million due to capitalizing projects and by additional funds reserved for grants. The unrestricted net position increased by \$191.6 million to \$411.5 million on June 30, 2024, due mainly to the increase in revenue collections and the spend down of federal grants and other restricted net position.
