

# Coffee Filter Ocean Suncatcher

<https://alittlepinchofperfect.com/ocean-animal-coffee-filter-craf/>

**Time Required:** 30 minutes

**Prep Required:** None

**Space (s) Needed:** Table space

## Materials:

Coffee Filters

Watercolor paints & brush

Glue

Scissors

Dark blue or black paper

Ocean animals' pattern (available on website)

Printer

## Instructions:

1. Paint coffee filter and set it out to dry. The darker the paint the better because it does tend to lighten as it dries.
2. Print out the animal pattern on dark blue or black paper. Printing on black paper may be harder for young eyes to see the lines.
3. Cut out animal pattern.
4. Glue the animal to the coffee filter and let dry.
5. Hang in your window to enjoy!

## Variations:

1. Use your favorite animal silhouette or find others to use.
