

# CAPITAL IMPROVEMENT PROGRAM

## EXECUTIVE SUMMARY

Henrico County prepares a ten-year Capital Improve Program (CIP) annually to account for capital improvement projects that generally require a significant outlay of funds and have a project life of longer than one year. Needs are put forward by Departments and prioritized by the Departments over the initial five-year period with projects identified for years six through ten to assist in planning for future capital needs. With the adoption of the budget, funds are appropriated for the first year of the CIP plan. Once funds are appropriated to the Capital Projects Fund for a project, the funds remain appropriated until the project is completed. The CIP also includes estimates of any operating costs associated with each project.

The County's CIP is divided into two main project categories: General Government and Utilities. The general government category includes functions like public safety, transportation, parks, environmental, libraries, and all projects within Henrico County Public Schools. The Utilities category provides details on capital investments to the County's water and wastewater infrastructure.

The 10-year list of capital various County departments have identified is summarized below:

Department	Year 1 Projects	Year 1 Costs	Overall Projects	Overall Cost
Community Revitalization	3	\$4,750,000	3	\$4,750,000

### **FY25 Highlights**

In total, recommendations for capital improvement funding for FY25 amount to \$327,167,000. The following highlights for departmental project recommendations are noted:

Capital funding for Henrico County Public Schools totals \$122,300,000 ensuring that taking care of schools remains a top priority. There are five projects funded with general obligation bonds approved by voters in the November 2022 referendum totaling \$94,300,000. Construction begins with \$79,000,000 allocated to the replacement of Quioccasin Middle School, \$5,000,000 for Charles M. Johnson planning and design, and \$10,300,000 to finish funding requirements for Longan Elementary, Jackson Davis Elementary School & HCPS Environmental Education Living Building. The FY25 Capital Budget also sees the inclusion of \$9,000,000 in ongoing Meals Tax funding for maintenance projects throughout HCPS. Also, \$10,000,000 is allocated for mechanical and roof replacements; this is an increase from \$2,500,000 included since FY99. \$2,000,000 is allocated for technology infrastructure, \$1,000,000 for the playground replacement plan, and \$6,000,000 for school bus replacements. It is important to note that every school except one built before 1960 has been significantly remodeled or replaced, showing Henrico County takes care of its assets.

Public Safety projects total \$18,194,000. The Division of Fire will use \$3,774,000 for planning & design of Firehouse #1, and \$5,300,000 for apparatus replacement. The Police Division will use \$1,400,000 recommended for the Animal Shelter Renovations and \$3,500,000 for police vehicle replacement. There is also \$2,774,000 for the planning & design of the Animal Adoption Center. Lastly, the Sheriff Department will use \$721,000 for Jail East Casework Replacement, \$625,000 for Jail East Kitchen Upgrades, and \$100,000 for a Jail West Study.

A total of \$43,598,000 is approved for Public Works projects. Of this total, \$27,500,000 will come from CVTA resources with \$25,000,000 going towards prioritized road projects, and \$2,500,000 for pedestrian improvements, which will have an additional \$2,500,000 of local resources allocated for the same purpose. The approved budget continues the County's efforts to reduce pollutants to meet its MS/4 permit requirements with an allocation of \$2,348,000 while also continuing annual environmental efforts with \$3,750,000 for BMP maintenance, land acquisitions, stream clean-up, dam repairs, alley maintenance and minor drainage projects. Finally, an additional \$7,500,000 will be used for prioritized drainage projects funded with general obligation bonds approved by voters in the November 2022 referendum.

The remaining recommended funding for General Government agencies totals \$23,100,000. Recreation and Parks will utilize \$2,000,000 for its facility rehabilitation program and \$2,500,000 for the third phase of Tuckahoe Creek Park. Funded projects for General Services total \$11,650,000 to be used for various maintenance and enhancement projects. An allocation of \$2,000,000 is provided for neighborhood revitalization efforts from the Community Revitalization reserve. An additional \$750,000 provides support for the Henrico Investment Program and \$2,000,000 provides resources to support the new Employee Home Purchase Assistance Program (EHPAP). For Information Technology projects including the County's GIS maintenance, \$2,200,000 is recommended in the capital budget.

Finally, the recommended funding for the Department of Public Utilities Water & Sewer Enterprise Fund is \$119,975,000. This funding level will allow DPU to continue maintenance and expansion of the County's vast water and sewer infrastructure network.

### **Fiscal Responsibility**

The CIP also represents a balance between available resources and competing county priorities. To ensure that the county's infrastructure is meeting the service delivery needs of the residents, the Board of Supervisors, in consultation with the Henrico County School Board on HCPS projects, can authorize a bond referendum for projects considered the highest priority.

By projecting and scheduling capital improvements in advance of actual needs, the county obtains several advantages.

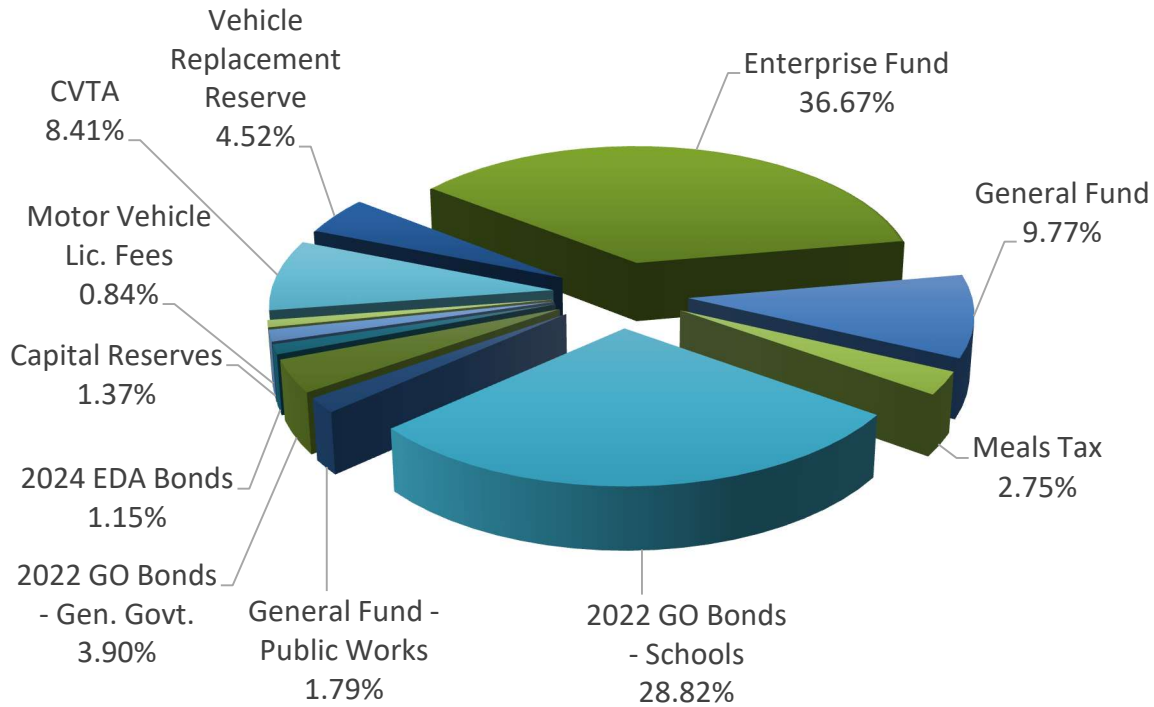

1. Reduction of the need for "crash programs" to finance the construction of County facilities.
2. Budgeting takes place within a system, which assures capital projects will be built according to a predetermined priority system while planning in advance for revenue needed to finance and complete these capital projects.
3. Advance planning ensures projects are well thought out in advance of construction.
4. Major financing purchases can be scheduled in conjunction with favorable market conditions.
5. Coordination with the operating budget is ensured. An important aspect of capital improvement planning is the affect capital expenditures have upon the annual operating cost of the county. When a new facility is established, it must be maintained and staffed, and obligations, which begin when it is made operational, will become continuous. Within the FY25 Operating Budget, all operating costs arising from current and previously approved capital projects that are becoming operational have been accounted for through a crosswalk analysis that is updated annually.

## Capital Improvement Program

### OPERATING IMPACT

The Capital Improvement Program (CIP) accounts for capital improvement projects that generally require a significant outlay of funds and have a project life longer than one year. Henrico County's capital improvement needs and funding requirements are outlined in the Capital Improvement Program FY25 through FY34.

Bringing a new facility on-line may require additional costs such as maintenance, utilities, and personnel to operate the facility. This impact to future operating budgets is considered before funding for a capital project is recommended. Operating costs associated with a new facility are added to department's budgets in the year of the facility's projected opening date through a complete "crosswalk" between the capital and operating budgets.

The approved Capital Budget for FY25 is \$327,167,000, which funds a portion of the project requests in the first year of the CIP. Operating impacts for projects funded in the FY25 capital budget are accounted for in the county's multi-year expenditure forecasts.

Also appearing in the following pages is the estimated incremental impact of operating costs that would arise from all current capital projects requested within the first five years of the Capital Improvement Program.

### DEVELOPMENT PROCESS

Departmental capital project requests are solicited each year with direction to provide a thoughtful and realistic look at projects beyond the five-year range to allow for better planning of infrastructure needs. Each project in the current CIP is carefully reviewed and prioritized before being submitted and projects that are no longer justifiable are not requested. Departmental requests for facility improvements or new buildings are submitted to General Services for assessment and cost estimates, including operating impacts. More detail assessments are made for projects in year 1 to 5 of the plan with the most focus on year 1 projects. The goal of the CIP is to produce a concise document that provides specific project information to the County Manager and the CIP review committee. Hearings are held to review each project where departments advocate for their priorities.

### CIP DEVELOPMENT TIMELINE

**July** – Requests solicited from departments.

**August/September** – Departments work with General Services to determine project cost estimates.

**Mid-Late September** – Departments submit final requests to the Office of Management and Budget (OMB.)

**October/November** – OMB reviews requests and determines initial funding availability.

**December** – Review of all requested projects by the CIP review committee.

**January/February** – First year CIP funding is finalized.

**March** – First year CIP is presented to the Board of Supervisors in the proposed budget. A public hearing is held on the CIP by the Planning Commission to determine substantial and accord with the County's Comprehensive Plan.

**April** – Board of Supervisors adopts the CIP as part of the annual budget.

**June** – Funds are appropriated by the Board of Supervisors.

### FUNDING SOURCES

Funding for CIP projects typically comes from two major sources: long-term borrowing and current revenues (pay-as-you-go financing). The operating budget is the primary mechanism through which current revenues are appropriated to capital projects. It is important to note that the FY25 budget includes the Education Meals Tax revenue which was approved by voters in November 2013 and dedicated to HCPS by the Board of Supervisors. A total of \$9.0 million associated with this revenue has been dedicated to various school maintenance and rehabilitation projects. Meals Tax revenue, which is dedicated to Henrico County Public Schools, also provides a resource to fund debt service for GO bond referendum projects. The amount appropriated for capital projects each year is based on the Capital Improvement Program in effect at the time the capital budget is developed. The first five years of requests from FY25 to FY29 total \$2,582,898,263, which represents an increase of \$258,655,072 from the current FY24 through FY28 CIP of \$2,324,243,191.
