Proud of Our Progress; Excited About Our Future

COUNTY OF HENRICO

November 19, 2010

The Honorable Board of Supervisors County of Henrico Virginia

Honorable Members of the Board:

We are pleased to present the County of Henrico's Comprehensive Annual Financial Report (CAFR) for the fiscal year ended June 30, 2010. This report is intended to provide informative and relevant financial data for the residents of the County, the Board of Supervisors, investors, creditors and any other interested readers. It includes all statements and disclosures necessary for the reader to obtain a thorough understanding of the County's financial activities. The reader should pay particular attention to the required Management's Discussion and Analysis, a narrative review of the financial statements included in this document. Any individual with comments or questions concerning this report is encouraged to contact the County of Henrico's Department of Finance at (804) 501-5200. This report may also be found online at www.co.henrico.va.us.

The financial statements included in this report conform to the U.S. generally accepted accounting principles (GAAP) established by the Governmental Accounting Standards Board (GASB). The County's management is responsible for the establishment and maintenance of accounting and other internal controls to accomplish three purposes: ensuring compliance with applicable laws and County policies, safeguarding assets, and properly recording reliable information for the preparation of the County's financial statements in accordance with GAAP. Because their cost should not outweigh their benefits, the County's comprehensive framework of internal controls is designed to provide reasonable assurance that financial statements will be free from material misstatement rather than absolute assurance. County management is responsible for the accuracy and fairness of the presentation of the financial statements and other information as presented herein and, to the best of management's knowledge, the data presented in this report is accurate in all material respects.

KPMG LLP, a certified public accounting firm, audited the County's basic financial statements. As an independent auditor, KPMG LLP rendered an unqualified opinion stating that the County's basic financial statements for the fiscal year ended June 30, 2010, are fairly presented, in all material respects, in conformity with GAAP. The independent auditors' report is presented as the first component of the Financial Section of this report. The independent audit of the financial statements of the County is part of a broader, federal and state mandated "Single Audit" designed to meet the

special needs of federal and state grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the government's internal controls and compliance with legal requirements, with additional emphasis on the administration of federal and state awards. This "Single Audit" information is available in a separately issued report, which is available upon request from the Department of Finance.

Profile of the Government

The County of Henrico is located in central Virginia and surrounds the City of Richmond on the north side of the James River and constitutes approximates a third of the Richmond Metropolitan area. The County's location in the middle of the eastern seaboard is within 750 miles of two-thirds of the nation's population and is ideal for commerce due to the intersection of Interstate-95 and Interstate-64 as well as it's accessibility along Interstate-295, from Route 895 and Route 288, major rail lines and the James River, which is home to an international port. It is also home to Richmond International Airport, the primary airport for the Richmond Metropolitan Area. Henrico County is also convenient to nearby oceanic ports in the Tidewater region of Virginia. Currently, based on the recent county population estimates, 313,989 Henrico County residents (approximately one third of the Richmond Metropolitan area) live in a well-planned community of approximately 244 square miles that consists of highly developed urban and suburban areas, as well as undeveloped agricultural and forest land.

Henrico's history as a community dates back to 1607 when Captain Christopher Newport and a band of adventurers from Jamestown (consisting of Captain John Smith, George Percy and others) rowed ashore at the foot of the James River. Captain Newport erected a cross and claimed the land for God and England. Four years after the discovery and exploration, Sir Thomas Dale, Deputy Governor of Virginia, founded Henrico and named it for Prince Henry Frederick, eldest son of King James I. In another four months, it was a bustling community as John Rolfe successfully cultivated a Spanishtype of tobacco similar to that produced in Varinas, Spain, giving birth to America's tobacco industry. During 2011, the County will be commemorating the 400th anniversary of the founding of Henrico through a variety of festivities and events. In 1614, Rolfe married Princess Pocahontas, daughter of the Great Indian King Powhatan. Her profile now appears on the Henrico County Seal as a symbol of Henrico's place in our nation's history. In 1634, Henrico became one of the original eight shires in the Virginia Colony. Since it was adopted by its voters in 1934, the County of Henrico has operated under the County Manager form of government with five voter-elected members on the Board of Supervisors who serve four-year terms and represent five distinct magisterial districts. The Chairman of the Board of Supervisors is elected annually by the members of the Board, and the Board also hires the County Manager who serves at their pleasure. The duties of the County Manager include implementing the approved ordinances and policies of the Board of Supervisors, appointing the County's Department Directors, and managing the day-to-day operations of the County government. Henrico County's Manager is also the Director of Public Safety for the County. The County government is responsible for providing a wide array of public services including public safety (fire and police protection, as well as building code enforcement), a full service water and sewer system, the maintenance of the third largest road system in the

Commonwealth of Virginia, and an array of recreational and cultural services. The County government also provides the majority of the funding for a nationally recognized public school system, though the schools are operated by a legally distinct entity and a separately elected School Board.

The financial reporting entity includes all of the funds of the County, the primary government, as well as all of its component units. Two discretely presented component units, the School Board and the James River Juvenile Detention Commission (JRJDC), are included in the reporting entity because of the County's financial accountability for these organizations. These component units are reported in separate columns in the County's basic financial statements. Additional information concerning these legally separate organizations can be found in the notes to the financial statements.

The annual budget serves as the foundation for the County's financial planning and control. The County Manager presents his proposed budget request to the Board in early March of each year. That body then undertakes an intensive review of that budget in a series of public meetings. Those meetings are referred to as the "Legislative Budget Reviews." The Board then holds a public hearing on the proposed budget in April prior to adopting the final budget. Legal budgetary restrictions are established at the governmental function level (i.e. Division of Police), with effective administrative controls maintained through detailed line-item budgets. It is County policy that the County Manager is authorized to transfer budgeted amounts between departments within any fund. However, any revisions that alter the total budgeted amounts and/or appropriations of any fund must be approved by the Board of Supervisors. Budget to actual comparisons are provided in this report for governmental funds where an appropriated annual budget has been adopted. These comparisons are presented in the Other Required Supplementary Information Section of the financial statements.

Economic Overview

While it is easy to succeed in good times, it is how a locality performs during tough economic times, such as those continuing to be experienced; that define excellence in local government. Because Henrico County residents live and work in a low-tax, high-quality community with one of the premier public school systems in the nation, we believe the local economy is well positioned to continue to weather these tough economic conditions better than most localities. The Board of Supervisors has fostered this environment through consistently demanding innovation, effective planning and financial prudence when allocating public resources, while also incrementally reducing tax rates when economically feasible. With an emphasis on superior customer service, sound financial management, and sustainable economic development, we believe Henrico County has been and will continue to be a community of choice.

In December 2009, the metro region was named the fourteenth best U.S. metro center for business by *Dow Jones MarketWatch*, as well as currently ranking among the nation's 50 best places for business and career by *Forbes*. One of the contributing factors of these rankings was the concentration of major corporations in Henrico County. Numerous major corporations are headquartered in Henrico County, including two Fortune 500 companies, Genworth Financial and

Altria. In addition to these companies, Henrico County is also home to Phillip Morris U.S.A. (a subsidiary of Altria), Alfa Laval, Hamilton Beach-Proctor Silex, The Brinks Company, Markel Corporation, and Southern States Cooperative, along with over fifty companies based in twelve nations outside the United States that maintain offices in Henrico County. All of these companies have invested heavily in the County, and the Richmond Metropolitan Area has benefitted from their presence.

Despite the tough economic conditions, and the loss of a significant number of jobs due to the bankruptcy of several major employers in Henrico County, employment statistics for Henrico County exhibit a better picture when compared to national averages. According to the Virginia Employment Commission, as of August 2010 the County's unemployment rate of 7.1% is marginally higher than Virginia's overall rate of 7.0%, the result of Henrico County's high concentration of large businesses recently affected by the economic downturn. However, this rate is still considerably lower than the seasonally unadjusted National rate of 9.5%. The average weekly wage in Henrico County increased 2.1% from Q1 2009 to Q1 2010 to \$967; this figure is 3.75% higher than the State average weekly wage of \$932.

The housing market nationally and locally continues to be weak. Decreases in home values nationally have been well documented throughout 2008, 2009 and into 2010, though nationally some pockets of appreciation are beginning to appear. Drops seen locally and in most of the State have been significantly less than national averages. The latest numbers statewide suggest a move toward moderate appreciation. Due to the declining housing market, real estate valuation in Henrico is experiencing slow to no growth. As a result, this year Henrico recorded the first decrease in its real estate tax base since 1942 with an overall decrease in home values of 5.0% and commercial valuation decreases that were nearly three times that number. And while there are now some signs of price appreciation in the real estate markets, foreclosures continue to grow nationally and locally. Nationally, in the third quarter of this year, approximately 288,000 homes were seized by banks, the most in a quarter since the housing market began its decline in 2006. Henrico has also seen foreclosures in the County grow during the past two years with 640 foreclosures in 2009 out of 105,000 residential parcels and 759 foreclosures through September, 2010. Foreclosures in Henrico through September 2010 are 65.7% higher than in September, 2009.

Henrico County is still one of the Commonwealth's leaders in retail sales as it ranks third behind only Fairfax County and the City of Virginia Beach in total annual taxable sales. The most recent annual data from the Virginia Department of Taxation reflects that Henrico County's annual taxable sales for 2009 were \$4.6 billion, approximately 6.1% lower than the \$4.9 billion of taxable sales for 2008, which is a reflection of the continued weakness in the economy. However, in the first quarter of FY11, local sales tax revenues were up just over 5.0 % in Henrico County. Henrico's taxable sales per capita remained second highest among the Commonwealth's top fifteen in total annual taxable sales (behind the City of Roanoke), another indication that the County is a regional and statewide shopper's destination. Henrico was able to establish itself as a destination for shoppers starting with Regency Square Shopping Center, built in the 1970s, and more recently with Short Pump Town Center. The County will continue to be a locality sought by regional shoppers with the

recently opened Shoppes at White Oak Village in Eastern Henrico and Short Pump Station in Western Henrico.

The presence of these business and corporate entities would not be possible if it were not for the favorable business environment that Henrico County has fostered throughout the years. Since 1978, the Board of Supervisors has prudently decreased the Real Estate Tax Rate six times. In addition to these decreases, Henrico has consistently been recognized in the *13 City/County Comparisons* compiled by the City of Chesapeake as the lowest taxing metropolitan locality in Virginia. The low tax burden combined with a record of prudent fiscal management and excellent services creates an enticing environment for businesses that are looking to relocate their operations.

Financial Guidelines

The following informal guidelines represent principles and practices that guide the County and help to foster the County's financial stability. These are not the only financial guidelines, but are those that have had a major impact in recent years or will have a major impact on Henrico's future financial position. For a complete listing of the County's Financial Guidelines, please see the County's Annual Fiscal Plan at http://www.co.henrico.va.us/finance/omb.html.

General Guidelines:

The County of Henrico will strive to maintain its (AAA/Aaa/AAA) General Obligation Bond ratings with Standard and Poors, Moody's Investor Service and Fitch IBCA, respectively. These excellent bond ratings mean two things for our residents. First, our financial management has been examined by three separate agencies that analyze local government finances on a daily basis and they have awarded Henrico County the highest possible scores. Second, the County's high credit rating allows us to obtain the most competitive interest rates when financing long-term capital improvement projects which, in turn, saves our County residents tax dollars.

The County of Henrico will utilize technological advances as a means of increasing employee productivity and reducing the need for new positions.

The County of Henrico will allocate new dollars (after meeting fixed commitments such as debt service requirements and benefits changes) to the areas of Education and Public Safety first.

The County of Henrico will attempt to utilize benefits of new economic development successes as a means of maintaining the low tax rate environment our residents currently enjoy. In addition, the County will maintain a balance between the need for real estate tax relief for our residents with the long-term operational needs of the County.

Capital Improvement Program Guidelines:

The County will develop a Five-Year Capital Improvement Program annually, inclusive of the capital needs of the Henrico County Public Schools. The Board of Supervisors will approve the first year of this plan as the "Capital Budget" after legal advertising and public hearing requirements have been met.

The County's Capital Improvement Program will utilize debt financing as a funding source only after it has been determined that the County can afford to service this debt and associated operating costs in subsequent years. The County will attempt to maximize the use of pay-as-you-go financing for capital projects.

The County will ensure that all operating costs arising from approved capital projects are accounted for in the operating budget, through the compilation of an annual crosswalk analysis that captures all such costs.

The County will maintain its physical assets at a level adequate to protect the County's capital investment and minimize future maintenance and replacement costs. The operating budget will provide for the adequate maintenance of these facilities and infrastructure.

Debt Guidelines:

A long-term debt affordability analysis will be completed on an annual basis as a means of ensuring that the County does not exceed its ability to service current and future debt requirements. This analysis will verify that the County is maintaining the following prescribed ratios and will be performed in conjunction with the County's Capital Improvement Program Process. The guidelines that are utilized are as follows:

- Debt Service as a Percentage of General Fund Expenditures: 7.75%
- Debt Service as a Percentage of Assessed Value: 1.49%
- General Obligation Bonded Debt per Capita: \$1,650

The County will adopt annual water and sewer rates that will generate sufficient revenues to meet the legal requirements of Enterprise Fund bond covenants. These rates will also allow for adequate capital replacement in water and sewer systems.

Revenues:

Multi-Year revenue and expenditure forecasts for all County funds will be included as a part of the Adopted Annual Fiscal Plan.

The County of Henrico will attempt to maintain a stable but diversified revenue base as a means of sheltering it from fluctuations in the economy.

The County will continue to strive to exceed a 70% residential – 30% commercial real estate assessment ratio. Maintaining a healthy commercial ratio will help the County maintain current tax rates while continuing to enhance service delivery efforts – particularly in the area of Education.

While revenues are monitored continually, a report is compiled quarterly that depicts current year trends, receipts, and explains any unanticipated revenue variances.

Fund Balance Guidelines:

The County has, over time, maintained a healthy undesignated fund balance – as compared to similar sized Virginia localities. As a percentage of actual General Fund expenditures, the County's undesignated fund balance has been:

FY01:	15.5%	FY06:	18.0%
FY02:	16.7%	FY07:	18.0%
FY03:	17.8%	FY08:	18.0%
FY04:	18.0%	FY09:	18.0%
FY05:	18.0%	FY10:	18.0%

During the FY06 budget process, the Board of Supervisors agreed with a policy recommendation to maintain the undesignated fund balance at a level of 18.0 percent of General Fund expenditures effective June 30, 2006. The policy of maintaining this reserve will be examined on an annual basis, during the annual budget process.

The County will not use its undesignated fund balance to subsidize current operations.

Major Initiatives and Accomplishments

In times of economic difficulty, shoring up the current revenue base is a top priority. To this end, the U.S. Postal Service (USPS) notified Henrico County officials on May 29, 2008 that an initiative to change County mailing addresses from "Richmond, VA" to "Henrico, VA" had been approved by 61 percent of residents and business owners responding to a USPS survey. "Henrico, VA" has become the primary mailing address for most County residents and businesses and serves as an accepted address for all County residents and businesses except for those located in Sandston and Glen Allen. The address change has helped the County stop the loss of an estimated \$5.0 million annually in County tax revenues that we believe have been mistakenly paid to the City of Richmond, due to the prevalence of "Richmond, VA" addresses in the County. The revenue impact from this initiative has been noticeable as sales tax collections overall in the region have fallen the past three fiscal years while Henrico's share has increased in each of those fiscal years. This clearly indicates that the Henrico, VA initiative has had an impact. "Henrico, VA" is now the primary mailing address for

over 84,000 residences and businesses in the County and "Henrico, VA" is now recognizable on many internationally recognized web sites.

On January 1, 2008, Henrico County's health care program transitioned to a self-insurance program from a fully insured program. This transition involves the County paying claims and third party administrative fees. Self-insurance allows the County to more fully control all aspects of the plan, including setting rates to smooth out the impact of increases on employees and the County, while maintaining adequate funding to cover claims, expenses and reserves. Fiscal year 2010 was the second full fiscal year under the self-insurance program.

The County adopted GASB Statement No. 49, *Accounting and Financial Reporting for Pollution Remediation Obligation* in FY09. During the fiscal year the County established a policy committing the County to protect the environment and improve environmental practices of government operations and facilities. To accomplish this goal the County added an environmental engineer to the County risk management staff. The first action taken was to establish a policy statement which was signed by the County Manager on December 15, 2008. Next the County conducted a comprehensive survey of all County agencies to determine the level of environmental risks. This survey identified various environmental permits and determined if there had been any violations of these permits. Based on the survey, conducted by the County, no environment liabilities were noted.

As a result of GASB Statement No. 45 financial reporting requirements, which became effective July 1, 2007, the County established an irrevocable benefit trust in FY08. This trust allows the County to account for the cost of Other Post-employment (non-pension) Employee Benefits (OPEB) and all outstanding obligations and commitments related to OPEB in a manner similar to its reporting for financial information for pensions. The County was one of the founding members of the Virginia Pooled OPEB Trust Fund, administered by the Virginia Municipal League. Henrico County first fully funded its Annual Required Contribution to the OPEB plan in FY08 and the FY11 budget continues to fully meet the anticipated funding requirements. An actuarial update for June 30, 2010 revealed that with the pay-as-you-go portion, the County's funding percentage for the second full year of the requirement was 100 percent and resulted in a Net OPEB Asset of approximately \$6.6 million at June 30, 2010.

With favorable conditions in the municipal bond markets in FY09 and FY10, the County examined the refunding (refinancing) of existing County debt to achieve debt service savings over the long term by lowering interest cost through lower interest rates on the debt. Four refunding issues were identified that could produce significant savings. Those refundings were completed during this period and resulted in approximately \$18 million in permanent savings for the County. Additionally, in FY10, a decision by the Board of Supervisors was made to delay issuing \$77.5 million of new bonds. This proved to be a sound decision as no new debt was added in FY10. When those bonds were finally sold in early FY11, the County obtained an extremely favorable 3.08% true interest cost on those bonds due to the favorable rate environment that continued to exist in municipal bond markets. For all of these bond issues, Henrico's triple AAA bond rating afforded the County the ability to obtain the best interest rates possible at the time the bonds were issued.

Future Challenges

The ongoing weakness in the state's revenues will continue to put a significant strain on local revenues. The Approved Annual Fiscal Plan for FY11 projects state aid at approximately \$275 million, or 33.8 percent of General Fund revenues, reflecting a decrease of approximately \$31.5 million or 10.1 percent from the FY10 allocation. Currently, the state's revenue projections for FY11 and FY12 are not being met and the state is looking at additional budget savings plans for the next fiscal year, FY12, that could achieve a 2%, 4%, or 6% expenditure reduction. As a result, state aid will remain a significant unknown in Henrico's budget development process for FY12. Through FY10, the state had made over \$7.0 billion in expenditure reductions since FY08 and the FY12 biennial budget included an additional \$4.2 billion in expenditure reductions to offset budget shortfalls. The reductions in the state's FY12 biennial budget resulted overall expenditure reductions of \$11.3 billion since August 2007. Many of these reductions have been made through funding reductions to localities and have resulted in localities having to absorb significant costs that were previously funded by the state. Including aid for Education, overall state aid to Henrico has declined \$51.9 million since FY09, a reduction of 15.9 percent in just two years. The current economic climate continues to present many challenges to both the state and to localities, and there is continued uncertainty with state revenue projections and any resulting future reductions in state aid distributions to Henrico.

Both known and projected reductions have been factored into the County's revenue estimates. In addition, as part of the final FY11 budget balancing, the County utilized a disciplined revenue estimation approach in all areas where state aid funded General Fund operations. For FY12, additional budget reductions, inclusive of state aid for Education, are anticipated. In order to meet these reduced revenue estimates, the County is continuing to take actions to reduce the budget, as well as absorb the incremental expenditure increases to accommodate fixed cost for benefit changes and costs associated with opening new facilities.

Real Estate valuations will continue to present significant revenue challenges over the next several years, but by monitoring market conditions on a regular basis, Henrico will be in a position to adjust revenue estimates accordingly. Currently, real estate values in Henrico are experiencing slow to no growth. As of January 2010, the assessed value of real property in the County totaled \$32.0 billion, which is an overall decline of \$2.7 billion or 7.8 percent from the previous year. Residential real estate values declined by \$1.3 billion or 5.5 percent and commercial real estate values declined by \$1.4 billion or 13.0 percent.

Reducing unemployment is a vital step toward improving the economy. Nationally unemployment was at 9.5% in August 2010 while the state was at 7.0% and Henrico at 7.1%. While Henrico's unemployment rate remains significantly lower than the national average, the loss of several large employers the past two years through bankruptcy has pushed the County's unemployment rate to levels not seen in many years. Recently, Capital One announced plans to hire 700 employees in Henrico County as it expands it operations in the Innsbrook Corporate Center where it has purchased two buildings that will house the new workers. However, even with the positive news from Capital

One, high rates of unemployment appear to be likely for a sustained period of time and that will keep pressure on retail sales and the resulting sales taxes received by the County as well as on income taxes relied on by the state.

Because economic indicators having the greatest impact on the County's revenues often lag during an economic recovery, the County's leadership is examining opportunities to redefine the way Henrico does business. This initiative is being undertaken throughout all County departments and is intended to identify ways to improve operations and to save money in order to help offset ongoing budgetary pressures. The efficiencies and savings identified as a result of this effort combined with the conservative fiscal management routinely employed by the County will allow the County to continue to provide services to our citizens at the level they have come to expect.

Certificate of Achievement

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the County of Henrico, Virginia for its Comprehensive Annual Financial Report for the fiscal year ended June 30, 2009. This was the twenty-seventh consecutive year that the government has received this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Acknowledgements

The preparation of this report on a timely basis could not have been accomplished without the efficient and dedicated services of the entire staff of the Department of Finance. We would like to express our particular appreciation to all members of the Accounting Division who directly assisted and contributed to its preparation. We would also like to thank the Board of Supervisors for their interest, guidance and support in planning and conducting the financial operations of the County in a responsible and progressive manner.

Respectfully submitted,

Virgil R. Hazelett, P.E.

Independent Auditors' Report

The Honorable Members of the Board of Supervisors County of Henrico, Virginia:

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Henrico, Virginia (the County), as of and for the year ended June 30, 2010, which collectively comprise the County's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the County's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Henrico, Virginia as of June 30, 2010, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in conformity with U.S. generally accepted accounting principles.

The accompanying Management's Discussion and Analysis on pages 3 through 12, the budgetary comparison information on pages 65 through 73, and the schedules of funding progress in notes 9 and 11 on pages 51 through 56 are not a required part of the basic financial statements but are supplementary information required by U.S. generally accepted accounting principles. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The accompanying Supplementary Information listed as the Introductory Section, Other Supplemental Information, and Statistical Section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The Other Supplemental Information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The Introductory Section and Statistical Section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

KPMG LLP

November 19, 2010

COUNTY OF HENRICO, VIRGINIA MANAGEMENT'S DISCUSSION AND ANALYSIS

The following discussion and analysis of the County of Henrico's (County) financial performance provides an overview of the County's financial activities for the fiscal year ended June 30, 2010 (FY 2010). Please read it in conjunction with the transmittal letter at the front of this report and the County's basic financial statements, which follow this section.

FINANCIAL HIGHLIGHTS FOR FY 2010

The General Fund, on a current financial resource basis, reported expenditures and other financial sources and uses in excess of revenues by \$4.5 million (Exhibit 4) after making transfers out of \$88.6 million, which include transfers to the Capital Projects Fund for \$20.1 million, Special Revenue Fund for \$19.0 million and Debt Service Fund for \$49.5 million. In addition, the General Fund contributed \$189.9 million to the County's component units.

On a government-wide basis for governmental activities, the County had expenses net of program revenues of \$550.1 million. The general revenues of \$557.2 million exceeded expenses net of program revenues by \$7.1 million (Exhibit 2).

The County's total net assets, excluding component units, on the government-wide basis totaled \$2,282.2 million at June 30, 2010 (Exhibit 1).

In August 2009, the County issued through the Economic Development Authority of Henrico County, Virginia, (the "Authority's) Bonds Series A and B, in the amount of \$36,425,000. The proceeds were be used to advance refund portions of the Authority's Series 1996 and Series 1998 Lease Revenue Bonds and Series 1999 Public Lease Revenue Refunding Bonds.

In December 2009, the County issued Water and Sewer System Refunding Revenue Bonds, Series 2009A, in the amount of \$22,915,000; and Water and Sewer System Revenue Bonds, Series 2009B (Taxable-Recovery Zone Economic Development Bonds), in the amount of \$9,800,000. The proceeds of Series 2009A were used to advance refund the Water and Sewer System Revenue Note, Subordinate Series1997 (Variable Rate Demand/Fixed Rate Water and Sewer System Revenue Bonds, Series 1997). The proceeds of Series 2009B will be used to finance improvements, additions and extension to Water and Sewer System of the County in areas designated as economic recovery zones.

In May 2010, the County issued General Obligation Public Improvement Refunding Bonds, Series 2010, in the amount of \$119,735,000. The proceeds were be used to advance refund portions of the County's General Obligation Public Improvement Bonds, Series 2004, 2005, 2006, 2008 and 2008A and the General Obligation Public Improvement and Refunding Bonds, Series 2003.

Subsequent to June 30, 2010, the County issued General Obligation Public Improvement Bonds on July 20, 2010, in the amount of \$72,205,000. The proceeds of these bonds will be used to finance General Government and School capital projects.

OVERVIEW OF THE FINANCIAL STATEMENTS

The County's Comprehensive Annual Financial Report (CAFR) is comprised of three sections: Introductory, Financial and Statistical. The Financial Section, which includes the audited basic financial statements, is comprised of four components: 1) the independent auditors' report, 2) management's discussion and analysis, 3) the basic financial statements, and 4) notes to the basic financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

The primary focus of the basic governmental financial statements is on both the County as a whole (government-wide) and the fund financial statements. The government-wide financial statements provide both long-term and short-term information about the County's overall financial status. The fund financial statements focus on the individual components of the County government, reporting the County's operations in more detail than the government-wide statements. Both perspectives (government-wide and fund statements) allow the user to address relevant questions, broaden the basis of comparison (year to year or government to government) and enhance the County's financial accountability.

GOVERNMENT-WIDE STATEMENTS

The government-wide statements report information about the County as a whole using accounting methods similar to those used by private-sector companies. One of the most important questions asked about the County's finances is, "Is the County as a whole in better financial condition or worse as a result of the year's activities?" The Statement of Net Assets and the Statement of Activities, which are the government-wide statements, report information about the County as a whole and about its activities in a way that helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting method used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the County's net assets and the changes in them. One can think of the County's net assets – the difference between assets and liabilities – as one way to measure the County's financial health, or financial position. Over time, increases or decreases in the County's net assets is one indicator of whether its financial health is improving or deteriorating. Other nonfinancial factors will need to be considered, however, such as changes in the County's property tax base and the condition of the County's infrastructure, to assess the overall financial health of the County.

In the Statement of Net Assets and the Statement of Activities, we divide the County into three types of activities:

<u>Governmental Activities</u> – Most of the County's basic services are reported here: Police, Fire, Public Works, Recreation and Parks, and general administration. Property taxes, other local taxes, and state and federal grants finance most of these activities.

<u>Business-Type Activities</u> – The County's operation, maintenance and construction of the County-owned water and wastewater (sewer) utility and the County-owned golf course are reported here as the County charges a fee to customers to cover all or most of the cost of the services these operations provide.

<u>Component Units</u> – The County includes two separate legal entities in its report – the County of Henrico School Board (the School Board) and the James River Juvenile Detention Commission (JRJDC). Although legally separate, these "component units" are important because the County is financially accountable for them, and provides operating and capital funding.

FUND FINANCIAL STATEMENTS

The fund financial statements provide more information about the County's most significant funds, not the County as a whole.

The County has three types of funds:

<u>Governmental Funds</u> – The County's basic services are included in four major governmental funds. The general fund, special revenue fund, debt service fund and capital projects fund financial information is presented separately in the governmental fund balance sheet and within the governmental fund statement of revenues, expenditures, and changes in fund balance.

The governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as, *balances of spendable resources* available at the end of the fiscal year. The governmental funds statements provide a detailed short-term view that helps the reader determine whether there are more or less financial resources that can be spent in the near future to finance the County's programs. Since this information does not encompass the additional long-term focus of the government-wide statements, additional information is provided at the bottom of the governmental funds statements that explains the relationship (or reconciles the differences) between the two types of statements. (Exhibits 3 and 4)

<u>Proprietary Funds</u> – Services for which the County charges customers a fee are generally reported in proprietary funds. Proprietary funds, like the government-wide statements, provide both long and short-term financial information.

In fact, the County's Enterprise Fund (one type of proprietary fund) is the same as the business-type activities included in the government-wide statements, but the fund financial statements provide more detail and additional information, such as cash flow. The County's Enterprise Fund accounts for the operation of the County's water and sewer utility and the County-owned golf course.

The County uses Internal Service Funds (the other kind of proprietary fund) to report activities that provide supplies and services for the County's other programs and activities. The Internal Service Funds account for the County's Central Automotive Maintenance operations, the Technology Replacement Fund and the self insured Healthcare Fund. Resources for these Funds come from interdepartmental charges.

<u>Fiduciary Funds</u> – The County is the trustee, or fiduciary, for Agency Funds. The County is responsible for ensuring that the assets reported in these Funds are used for their intended purposes. All of the County's fiduciary activities are reported in a separate statement of fiduciary net assets and a statement of changes in fiduciary net assets. The County excludes these activities from the County's government-wide financial statements because the County cannot use these assets to finance its own operations.

FINANCIAL ANALYSIS OF THE COUNTY AS A WHOLE

Schedule of Net Assets

The following table reflects a summary of the County's net assets at June 30, 2009 and 2010 (in millions):

					•	Component Units			
2009	2010	2009	2010	2009	2010	2009	2010

The County's combined net assets increased by 1.4 percent, or \$31.3 million to \$2,282.2 million from \$2,250.9 million, an overall improvement resulting from the increase in net assets in both the Governmental and Business-Type Activities (Exhibit 1).

Net assets of the County's governmental activities increased .6 percent, or \$7.1 million to \$1,279.6 million (Exhibit 1). Invested In Capital Assets, Net of Related Debt increased by \$4.5 million, which was due to an increase in Capital Assets. Restricted net assets had an increase of \$13.9 million. The governmental activities unrestricted net assets, the part of net assets that can be used to finance day-to-day operations, decreased by \$11.3 million to \$203.7 million at June 30, 2010 (Exhibit 1). The component units' net assets decreased 2.8 percent or \$6.9 million from \$249.1 million to \$242.2 million primarily due to decreases in State operating grants and contributions received in the current year.

The net assets of governmental activities increase was mainly due to capital outlay expenditures of \$108.0 million which are added back to net assets as the result of an increase in capital assets capitalized during the year. This was offset by depreciation expense of \$46.0 million for 2010, and a decrease of \$71.9 million in the total governmental fund balance for 2010. These changes were offset by a \$26.4 million reduction in debt activities during 2010. Other significant factors effecting net assets are \$10.7 million in revenue accruals and \$3.1 million internal service profit allocation for 2010.

The net assets of business-type activities increased 2.5 percent or \$24.2 million from \$978.5 million to \$1,002.7 million. Unrestricted assets available for the continuing operation of these activities, water and sewer, and the golf course, were \$76.4 million as of June 30, 2010.

Schedule of Activities

The following chart shows the revenues and expenses of the governmental activities for the fiscal years ended June 30, 2009 and 2010 (in millions):

REVENUES

For the fiscal year ended June 30, 2010, revenues from governmental activities totaled \$712.4 million, a decrease of \$57.8 million, or 7.5 percent from fiscal year 2009. Real Estate Tax Revenues are the County's largest revenue source. Reflected in this revenue source are the second half calendar year 2009 and the first half of calendar year 2010 real property tax collections, which amounted to \$291.9 million for fiscal 2010, a decrease of \$13.1 million or 4.3 percent from fiscal 2009. The County Board of Supervisor maintained the Real Estate Tax Rate at the current amount of 87 cents per \$100 of assessed value for calendar year 2010.

In fiscal year 2010, the County recorded \$65.9 million in personal property tax revenue from County residents, and received Personal Property Tax Relief from the Commonwealth of Virginia (the Commonwealth) of \$37.0 million for total personal property tax related receipts of \$102.9 million. Under the provisions of the Personal Property Tax Relief Act of 1998 (PPTRA), the Commonwealth's share of the

local personal property tax payment for a calendar year was frozen at 70 percent for qualified vehicles. During the 2004 General Assembly, the Commonwealth's obligation for car tax relief was capped at \$950 million annually. Each jurisdiction's share of the \$950 million will be based on the total 2004 reimbursement as of December 31, 2005. The County's share for 2010 of \$37.0 million will be paid in three installments beginning in July 2010. At June 30, 2010, the County accrued \$18.4 million for the first half of the 2010 calendar year.

Business-type activities produced total revenues of \$112.7 million, an increase of \$19,914 over fiscal year 2009. The largest business-type source of revenue is the County's Water and Sewer activity, which produced \$89.3 million in charges for services and \$17.8 million in operating grants and contributions. (Exhibit 2)

EXPENSES

For the fiscal year ended June 30, 2010, expenses for governmental activities totaled \$705.3 million, an increase of \$29.9 million over fiscal year 2009. Included in this activity are employee compensation and benefits, payments for educational expenses to the School Board, and cost increases in the areas of public safety, recreation, and libraries.

Education continues to be one of the County's highest priorities and commitments. Major items contributed by the County include \$189.9 million for School operations and \$3.0 million for School capital improvement projects (Exhibit 4).

The expenses of business-type activities, which result from the operations of the County's Water and Sewer activity and Golf Course activity, totaled \$88.5 million, an increase of \$638,904 or 0.7 percent over fiscal year 2009 (Exhibit 2). The Water and Sewer activity accounts for \$87.3 million of the total expenses of \$88.5 million.

FINANCIAL ANALYSIS OF THE FUND STATEMENTS

For the fiscal year ended June 30, 2010, the governmental funds reflect a combined fund balance of \$457.8 million. The governmental funds include the General Fund, Special Revenue Fund, Debt Service Fund and Capital Projects Fund. The fund balances, for the funds other than the General Fund; are committed and merely reflect balances as of a point in time. The General Fund accounts for \$242.8 million (Exhibit 4) of the total combined balance. This is a 1.8 percent decrease from the General Fund balance of \$247.3 million recorded at June 30, 2009. The current General Fund Balance was impacted by General Fund Revenues, which decreased by \$29.2 million from fiscal year 2009. This decreases occurred in the major revenue categories of General Property Taxes (Real Estate and Personal Property Taxes), which decreased \$9.6 million; Other Local Taxes, which decreased \$7.3 million; Intergovernmental revenues (revenues from the State and Federal Governments), which decreased \$4.9 million; Revenue from the Use of Money and Property (primarily interest on investments), which decreased \$5.3 million; and Miscellaneous revenues, which decreased \$2.1 million. At the same time General Fund Expenditures grew by \$6.8 million or 1.2 percent over fiscal year 2009. In an effort to control expenditures during 2010, the County funded no pay increase, and continued a hiring freeze that had begun in fiscal year 2008. Other Financing Uses decreased by \$19.0 million or 17.6 percent from fiscal year 2009. By controlling the growth of expenditures and reducing Other Financing Uses the County was able to limit the decrease in General Fund balance to \$4.5 million from the 2009 General Fund balance. Finally, the following items affected the fund balance and should be noted:

• The General Fund contributed \$20.1 million to the Capital Projects Fund to finance various capital projects, \$19.0 million to the Special Revenue Fund and \$49.5 million for debt service.

• The General Fund contributed \$189.9 million to fund the fiscal year 2010 School Board operations, an increase of \$14.9 million or 8.5 percent over the fiscal 2009 contribution.

Highlights of other Governmental Funds are as follows:

- The Special Revenue Fund Balance of \$29.5 million (Exhibit 4) increased \$3.7 million over fiscal year 2009. The increase is due to revenues of \$56.2 million and other financing sources and uses of \$15.1 million which exceeded expenditures of \$67.6 million. The major function of the Special Revenue Fund is to account for State and Federal grants received by the County. State and Federal grants accounted for \$37.5 million in revenues and \$53.5 million in expenditures along with the County's solid waste function, which accounted for \$11.7 million in revenues and \$11.0 million in expenditures during fiscal year 2010.
- The Debt Service Fund Balance decreased from \$7.4 million to \$6.5 million (Exhibit 4) during fiscal year 2010. The decrease is due to expenditures exceeding revenues and other financing sources by \$925,540. During the fiscal year, expenditures for debt service were \$56.0 million and the Fund received transfers from the General Fund of \$49.5 million and the Capital Projects of \$4.0 million.
- The Capital Projects Fund Balance of \$179.0 million (Exhibit 4) is a decrease of \$70.3 million, or 28.2 percent in comparison to fiscal year 2009. During the fiscal year, expenditures for capital projects were \$103.0 million, revenues were \$12.8 million and transfers in totaled \$23.9 million. Transfers in consisted of \$20.1 million from the General Fund, and \$3.8 million from the Special Revenue Fund. The Capital Projects Fund had a transfer out of \$4.0 million to the Debt Service Fund. During the fiscal year, the County did not issue any bonds to finance capital projects.

Change in Fund Balance	\$ (8.5)	\$ (37.6)	\$ (4.5)

Expenditures and other financing uses exceeded revenues by \$4.5 million in the General Fund for fiscal year 2010.

Actual General Fund revenues were less than the original budgeted revenues by \$3.9 million during fiscal year 2010. This decrease is attributable in part to decreased collections of other local taxes such as business

license and bank franchise tax revenues, which account for \$3.9 million of the decrease. Actual revenue collections exceeded the revised budget by \$5.2 million. Actual General Fund expenditures were less than the original budget by \$2.8 million, and less than the revised budget by \$27.4 million.

During fiscal year 2010, the County Board of Supervisors amended the budget six times. These budget amendments or supplemental appropriation resolutions were primarily for the following purposes:

- To reappropriate monies to pay for continuing programs whose fiscal year extended beyond June 30, 2009.
- To reappropriate grant revenues authorized in fiscal year 2009 or earlier, but not expended or encumbered as of June 30, 2009.
- To appropriate grants or donations accepted or adjusted in fiscal year 2010.
- To appropriate funds for program enhancements, small-scale capital projects or other operational needs that were not anticipated in the original fiscal year 2010 budget.

CAPITAL ASSETS

At the end of fiscal year 2010, the County's governmental activities (including Internal Service Funds) had net capital assets totaling \$1,317.4 million, which represents a net increase of \$62.1 million or 4.9 percent over the previous fiscal year-end balance. In the County of Henrico, infrastructure assets include roads, bridges, and water and wastewater systems.

The business-type activities capital assets grew by \$29.9 million to \$1,067.8 million, an increase of 2.9 percent over the previous fiscal year. The County's business-type activities are made up of the County's water and sewer activities and the County-owned golf course.

The component unit's capital assets increased by \$7.1 million to \$237.3 million, an increase of 3.1 percent over the previous fiscal year. The School Board accounted for the major portion of the net decrease. More detailed information about the County's capital assets is presented in Note 6 to the financial statements.

LONG-TERM DEBT

On August 27, 2009, the County issued through the Economic Development Authority of Henrico County, Virginia, (the "Authority's) \$10,210,000 Governmental Projects Lease Revenue Refunding Bonds, Series 2009A, to refund a portion of the Authority's Series 1996 and 1998 Lease Revenue Bonds; and \$26,215,000 Public Facility Lease Revenue Refunding Bonds, Series 2009B to refund a port of the Authority's Series 1999 Public Lease Revenue Refunding Bonds. The interest rate on the Series 2009A Refunding Bonds ranges between 2.00% and 3.25%, with a Total Interest Cost (TIC) of 2.54% and final maturity date of June 1, 2018. The interest rate on the Series 2009B Refunding Bonds ranges between 3.00% and 5.00%, with a TIC of 3.03% and final maturity date of June 1, 2018.

On December 22, 2009, the County issued Water and Sewer System Refunding Revenue Bonds, Series 2009A, in the amount of \$22,915,000; and Water and Sewer System Revenue Bonds, Series 2009B (Taxable-Recovery Zone Economic Development Bonds), in the amount of \$9,800,000. The proceeds of Series 2009A were used to advance refund the Water and Sewer System Revenue Note, Subordinate Series1997 (Variable Rate Demand/Fixed Rate Water and Sewer System Revenue Bonds, Series 1997). The proceeds of Series 2009B will be used to finance improvements, additions and extension to Water and Sewer System of the County in areas designated as economic recovery zones. Regarding the Series 2009A Bonds, the County Water and Sewer System reduced its aggregate debt service by \$44.4 million over the next 20 years and obtained an economic gain of \$35.8 million. The interest rates on the Series 2009A Bonds ranged between 2% and 5%, with a TIC of 3.57% and final maturity date May 1, 2028. The interest rates on the Series 2009B Bonds ranged between 5.85% and 6.15%, with a TIC of 3.39% and final maturity of May 1, 2036.

On May 3, 2010, the County issued the County's General Obligation Refunding Bonds, Series 202010 (the "Bonds"), in the amount of \$119,735,000. The Bonds proceeds will be used to refund, prior to maturity, portions of the following bonds: General Obligation Public Improvement Bonds Series 2004, 2005, 2008 and 2008A and General Obligation Public Improvement and Refunding Bonds Series 2003. The County reduced its aggregate debt services payments by approximately \$3.90 million over the next 15 years and obtained an economic gain of \$6.50 million. The interest rates on the Bonds ranged between 3.00% and 5.00%, with a TIC of 3.08% and final maturity of July 15, 2025.

In March 2005, the County voters authorized the issuance of \$349.3 million of general obligation bonds. These bonds will provide financing for future public improvements, including County and School facilities. To date the County has issued \$196.2 million of the voter approved bonds, with \$153.1 million in bonds approved but not issued. Subsequent to June 30, 2010, the County issued an additional \$72.2 million which will reduce the amount of approved but not issued to \$80.2 million.

At the end of fiscal year 2010, the County had \$420.7 million in outstanding General Obligation Bonds, a decrease of \$38.1 million, or 8.3 percent, from last fiscal year. More detailed information about the County's long-term liabilities is presented in Note 7 to the financial statements.

During 2010, Moody's Investors Services, Inc., Standard & Poor's (S&P) and Fitch rating agencies, all reaffirmed the County of Henrico's triple-AAA bond rating, in connection with the issuance of the general obligation bonds previously described. The County received AAA bond ratings from both Moody's and S&P for the first time in 1977. In 1998, Fitch IBCA bestowed a AAA rating on the County.

Subsequent to June 30, 2010, on July 20, 2010, the County issued General Obligation Public Improvement Bonds, Series 2010A in the amount of \$72,205,000. The proceeds will be used to finance school capital improvement projects, along with various County capital improvement projects. The interest rates range between 2.00% and 5.00%, with a TIC of 3.07% and final maturity of August 1, 2030.

ECONOMIC FACTORS

According to the Virginia Employment Commission, as of June 30, 2010, the County had a net increase of 11,487 jobs since 2000, resulting in total employment of 154,233. The County's unemployment rate, which was reported at 7.0 percent as of June 30, 2010, was slightly lower than that posted for the state (7.1 percent) and well below the federal rate (9.6 percent) as of June 30, 2010. As of 2008 (the latest data available from the U.S. Bureau of Economic Analysis), the County's per capita income of \$45,911 registered higher than both the national average of \$40,166 and the Commonwealth of Virginia average of \$44,075.

OTHER INFORMATION

During fiscal year 2008, the County joined the Virginia Pooled OPEB Trust Fund, an irrevocable trust established for the purpose of accumulating assets to fund postemployment benefits other than pensions. For the year ended June 30, 2010, the County contributed \$9.4 million which fully funded the Annual Required Contribution (ARC) of \$9.4 million and resulted in a Net OPEB Asset of \$6.6 million. More detailed information about the County's OPEB Plan is presented in Note 11 to the financial statements.

Funds of the Primary Government are invested in accordance with the County's Investment Guidelines which were created by the Director of Finance and the County's Investment Committee to ensure the effective management of the day-to-day investment activity of the County. The objective of these guidelines is to obtain the highest possible yield on available financial resources, within the constraints imposed by safety objectives, cash flow considerations and the laws of the Commonwealth of Virginia that restrict the placement of public funds.

At June 30, 2010, the County's investment portfolio amounted to \$471.0 million, and contained obligations of the United States and agencies thereof, high quality municipal bonds and prime commercial paper. The County's investment strategy during fiscal year 2009 remained unchanged, with the exception of the addition of prime commercial paper. While maintaining a very conservative strategy has resulted in reduced yields, County did not experience any significant adverse decline in the fair value of the County's investment and cash equivalents. More detailed information about the County's investments is presented in Note 2 to the financial statements.

CONTACTING THE COUNTY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our residents, taxpayers, customers, investors and creditors with a general overview of the County's finances and to demonstrate the County's accountability for the funds it receives. Questions concerning this report or requests for additional financial information should be directed to the Director of Finance, P.O. Box 90775, Henrico, VA 23273-0775. Additional financial information can be found on our web-site www.co.henrico.va.us.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2010

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting and reporting policies of the County of Henrico, Virginia ("County") conform to U.S. generally accepted accounting principles ("GAAP") applicable to governmental units promulgated by the Governmental Accounting Standards Board ("GASB"). The following is a summary of the County's more significant accounting policies:

A. Reporting Entity

The County implemented GASB Statement No. 34 - Basic Financial Statements – and Managements Discussion and Analysis – for State and Local Governments for the fiscal year ended June 30, 2002. GASB Statement No. 34 requires the following components to the financial statements:

<u>Management's Discussion and Analysis</u> - GASB Statement No. 34 requires that financial statements be accompanied by a narrative introduction and analytical overview of the County's financial activities in the form of a "management's discussion and analysis" ("MD&A"). This analysis is similar to the analysis the private sector provides in their annual reports.

Government-wide Financial Statements - The reporting model includes financial statements prepared using full accrual accounting for all of the County's activities. This approach includes not just current assets and liabilities (such as cash and accounts payable) but also capital assets and long-term liabilities (such as buildings and infrastructure, including bridges and roads, and general obligation debt). Accrual accounting also reports all of the revenues and cost of providing services each year, not just those received or paid in the current year or soon thereafter.

<u>Statement of Net Assets</u> - The Statement of Net Assets is designed to display the financial position of the primary government (government and business-type activities) and its discretely presented component units. The County reports all capital assets, including infrastructure, net of accumulated depreciation in the government-wide Statement of Net Assets and reports depreciation expense – the cost of "using up" capital assets – in the Statement of Activities. The net assets of the County are broken down into three categories: 1) investment in capital assets, net of related debt; 2) restricted net assets; and 3) unrestricted net assets.

<u>Statement of Activities</u> - The government-wide Statement of Activities reports expenses and revenues in a format that focuses on the cost of the County's functions. The expense of individual functions is compared to the revenues generated directly by the function (for instance, through user charges or intergovernmental grants).

Required Supplementary Information - Budgetary Comparison Schedules - Demonstrating compliance with the adopted budget is an important component of the County's accountability to the public. Many citizens participate in one way or another in the process of establishing the annual operating budgets of state and local governments, and have a keen interest in following the actual financial progress of their governments over the course of the year. Many governments revise their original budgets over the course of the year for a variety of reasons. Under GAAP, governments provide budgetary comparison information in their annual reports by disclosing the government's original budget to the current comparison of final budget and actual results.

As required by GAAP, these financial statements present the primary government and its component units, entities for which the government is considered to be financially accountable. Blended component units, although legally separate entities, are, in substance, part of the government's operations and so data from these units are combined with data of the primary government. The County has no component units that meet the requirements for blending. The discretely presented component units, on the other hand, are reported in a separate column in the government-wide statements to emphasize they are legally separate from the primary government. Each of the County's discretely presented component unit has a June 30 fiscal year-end.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2010

In accordance with GAAP, the County has presented those entities which comprise the reporting entity (the primary government and discretely presented component units) in the government-wide statements.

Discretely Presented Component Units:

School Board

The County of Henrico School Board ("School Board") is a legally separate organization providing elementary and secondary education to residents within the County's jurisdiction and is fiscally dependent on the County, receiving more than 50 percent of its funding from the County. The nature and significance of the relationship between the County and the School Board is such that excluding the School Board would cause the County's financial statements to be misleading and incomplete. The School Board does not prepare a separate financial report.

James River Juvenile Detention Commission

The James River Juvenile Detention Commission ("JRJDC" or "Commission") is a separate organization established to provide a juvenile detention facility for the Counties of Goochland, Henrico and Powhatan. There are five voting members of the Commission, of which three members represent the County and one each represents the Counties of Goochland and Powhatan. Their respective county boards appoint the five Commission members. The Commission is financially dependent on the member jurisdictions. The operating costs are allocated among the member jurisdictions based on proportionate usage. Complete financial statements for the Commission may be obtained from the JRJDC Chairman George T. Drumwright, Jr., P.O. Box 90775, Henrico, VA 23273.

Joint Venture:

Capital Region Airport Commission

The Capital Region Airport Commission is an intergovernmental joint venture and issues separate financial statements. The required information regarding the joint venture is presented in Note 18.

Greater Richmond Convention Center Authority

The Greater Richmond Convention Center Authority is an intergovernmental joint venture and issues separate financial statements. The required information regarding the joint venture is presented in Note 18.

B. Government-wide and Fund Accounting Statements

The basic financial statements include both government-wide (based on the County as a whole) and fund financial statements. Both the government-wide and fund financial statements (within the basic financial statements) categorize primary activities as either governmental or business-type. In the government-wide Statement of Net Assets, both the governmental and business-type activities columns (a) are presented on a consolidated basis by column, and (b) are reflected on a full accrual, economic resource basis, which incorporates long-term assets and receivables as well as long-term debt and obligations.

The Statement of Net Assets presents the County's investment in capital assets, net of related debt, restricted net assets and unrestricted net assets. Investment in capital assets, net of related debt, consists of net capital assets less related long-term liabilities. Restricted net assets consist of amounts restricted by external sources related to capital projects, debt service and amounts received in the Special Revenue Fund. When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first, then unrestricted resources, as they are needed.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2010

The government-wide Statement of Activities reflects both the gross and net cost per functional category (e.g., public safety, public works, health and welfare, etc.), which are otherwise being supported by general government revenues (e.g., property taxes, sales and use taxes, certain intergovernmental revenues, fines, permits and charges, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants and contributions to determine net costs by function. The program revenues must be directly associated with the function (e.g., public safety, public works, health and welfare, etc.) or the business-type activity.

Program revenues include charges to customers or applicants who purchase, use, or directly benefit from the goods, services, or privileges provided by a given function and grants and contributions that are restricted to meeting the operation or capital requirements of a particular function or segment. Taxes and other items not included among program revenues are reported as general revenues. The County does not allocate indirect expenses. The operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants.

The governmental funds' major fund statements in the fund financial statements are presented on a current financial resource measurement focus and the modified accrual basis of accounting. This is the manner in which these funds are normally budgeted. Since the governmental fund statements are presented on a different measurement focus and basis of accounting than the government-wide statements' governmental column, a reconciliation is presented which briefly explains the adjustments necessary to reconcile the fund financial statements with the government-wide financial statements.

The County's fiduciary funds, which consist of agency funds, are presented in the fund financial statements. Since by definition these assets are being held for the benefit of a third party (e.g., private parties, long-term disability participants, etc.) and cannot be used to address activities or obligations of the government, these funds are not incorporated into the government-wide statements.

The focus of the government-wide model is on the County as a whole and the fund financial statements, including the major individual funds of the governmental and business-type categories, as well as the fiduciary funds, (by category) and the component units. Each presentation provides valuable information that can be analyzed and compared to enhance the usefulness of the information.

In the fund financial statements, financial transactions and accounts of the County are organized on the basis of funds which are considered to be a separate accounting entity. The operations of each fund are accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures, or expenses, as appropriate. The funds are grouped in the fund financial statements in fund types as follows:

Governmental Funds:

General Fund

The General Fund accounts for all revenues and expenditures of the County which are not accounted for in the other funds. Revenues are primarily derived from general property taxes, local sales taxes, license and permit fees, and revenues received from the Commonwealth of Virginia ("Commonwealth" or "State").

A significant part of the General Fund's revenues is used to maintain and operate the general government or is transferred to other funds principally to fund debt service requirements and capital projects. General Fund revenues are used to reduce long-term liabilities including claims payable, accrued compensated absences and pension liabilities. Expenditures include, among other things, those for public safety, highways and streets, welfare, culture and recreation. The General Fund is considered a major fund for reporting purposes.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2010

Special Revenue Fund

The Special Revenue Fund accounts for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes. A portion of the revenues received in this fund is used to reduce the landfill liability each year. The Special Revenue Fund is considered a major fund for reporting purposes.

Debt Service Fund

The Debt Service Fund accounts for the accumulation of financial resources for the payment of interest and principal on all governmental funds' long-term debt except for accrued compensated absences and capital lease obligations for equipment, which are paid by the fund incurring such expenditures. Debt Service Fund resources are derived from transfers from the General Fund. The Debt Service Fund is considered a major fund for reporting purposes.

Capital Projects Fund

The Capital Projects Fund includes activity for all general government and school related capital projects which are financed through a combination of proceeds from general obligation bonds and operating transfers from the General Fund. The Capital Projects Fund is considered a major fund for reporting purposes.

Proprietary Funds:

Enterprise Funds

Enterprise Funds account for operations that are financed and operated in a manner similar to private business enterprises, where the intent of the County is that the cost of providing services to the general public be financed or recovered through charges to users of such services. All assets, liabilities, equities, revenues, expenses, and payments relating to the government's business activities are accounted for through these funds. The measurement focus is on determination of net income, financial position, and cash flows. Operating revenues include charges for services and are used to pay for compensated absences, pension costs and other operating expenses. Operating expenses include costs of services, as well as materials, contracts, personnel, and depreciation. All revenues and expenses not meeting these definitions are reported as non-operating revenues and expenses.

These funds include the operation, maintenance and construction of the County-owned water and wastewater ("sewer") utility (considered a single segment for financial reporting purposes) and the County-owned Belmont Park Golf Course. These funds are considered to be business-type activities in the government-wide financial statements.

Internal Service Funds

The Internal Service Funds accounts for the County's Central Automotive Maintenance operations, Technology Replacement operations and self-funded health insurance fund. Resources for these funds come from interdepartmental charges. The effect of the interdepartmental activity has been eliminated from the government-wide financial statements using a net profit allocation method. The excess revenue for the fund is allocated to the appropriate functional activity within governmental, business-type and component unit activities. The Internal Service Funds are included in governmental activities for government-wide reporting purposes. Inter-fund services that are provided and used are not eliminated in the process of consolidation. External revenues received are reported within governmental activities for government-wide reporting purposes.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2010

Fiduciary Funds:

Agency Funds

Agency Funds account for fiduciary funds administered by the County and are custodial in nature (assets equal liabilities) and have no measurement focus.

C. <u>Capital Assets and Long-Term Liabilities</u>

The accounting and reporting treatment applied to the capital assets and long-term liabilities associated with a fund are determined by its measurement focus. All Governmental Funds are accounted for on a spending or "financial flow" measurement focus. This means that only current assets and current liabilities are generally included on their balance sheets. Their reported fund balance ("net current assets") is considered a measure of "available resources to be spent". Governmental Fund operating statements present increases (e.g., revenues and other financing sources) and decreases (e.g., expenditures and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of "available expendable resources" during a period. Capital assets and long-term liabilities are not recorded in the fund financial statements; however, a reconciliation of the fund balance to the Statement of Net Assets for the governmental activities in the government-wide financial statements, is provided to account for the differences between the two statements and measurement focuses (e.g., capital assets and long-term liabilities, etc.).

Capital outlays are recorded as expenditures of the General, Special Revenue, and Capital Projects Funds and as assets in the government-wide financial statements to the extent the County's capitalization threshold of \$5,000 for land and equipment and \$25,000 for buildings, improvements and infrastructure are met. In accordance with GAAP, infrastructure has been capitalized retroactively to 1980. Depreciation is recorded on general capital assets on a governmental-wide basis using the straight-line method. The estimated useful lives are as follows:

Buildings	25 - 50 years
Improvements	20 - 50 years
Equipment	4 - 30 years
Infrastructure	10 - 65 years

All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Estimated historical cost was primarily used for land costs (for which the historical assessment records of the County were used). Donated capital assets are valued at their estimated fair value on the date donated. When capital assets are sold or retired, their costs are removed from the accounts and the gain or loss for the disposal is reflected in current revenues.

The County adopted Senate Bill 276 that was added to the <u>Code of Virginia</u> in 2002, which revised the reporting of local school capital assets and related debt for financial statement purposes. Under the law, local governments have a "tenancy in common" with the School Board whenever the locality incurs any financial obligation for any school property, which is payable over more than one fiscal year. This legislation permits the County to report the portion of the school property related to general obligation bonds outstanding eliminating any potential deficit from capitalizing assets financed with debt.

Proprietary Funds

All Proprietary Funds are accounted for on a cost of services or economic resources measurement focus. This means that all assets and all liabilities (whether current or non-current) associated with their activity are included on their balance sheets. Their reported net assets are segregated into invested in capital assets net of related debt, restricted and unrestricted net assets. Proprietary Fund type operating statements present increases (revenues) and decreases (expenses) in net total assets.

Capital assets for the Proprietary Funds are stated at cost, net of accumulated depreciation. Gifts or contributions of capital assets are recorded at their fair value at date of receipt and are recorded as contribution revenue.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2010

Depreciation of all exhaustible capital assets used by Proprietary Funds is charged as an expense against their operations. Accumulated depreciation is reported as a contra-asset account on the Proprietary Funds' balance sheets. Depreciation has been provided over the estimated useful lives using the straight-line method.

The estimated useful lives are as follows:

Buildings	25 - 50 years
Improvements	20 - 50 years
Equipment	4 - 30 years
Infrastructure	10 - 65 years

When Proprietary Fund assets are sold or retired, their costs and related accumulated depreciation are removed from the accounts and the gains or losses are reflected in the statement of revenues, expenses and changes in net assets.

D. Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of commitments and contingencies at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

E. Measurement Focus, Basis of Accounting and Financial Statement Presentation

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

Government - Wide Financial Statements

The government-wide financial statements consist of separate statements of net assets and of activities. Government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue when all eligibility requirements imposed by the provider have been met and amounts are measurable. Assets and all liabilities associated with the operation of these activities are included on the statement of net assets.

Governmental Funds Financial Statements

Governmental fund financial statements use the current financial resources measurement focus and the modified accrual basis of accounting. Revenues and related assets are recorded when susceptible to accrual, i.e., both measurable and available to finance operations during the year. Accordingly, real and personal property taxes are recorded as receivables when billed and recognized as revenues when available and collected, net of allowances for un-collectible amounts. As required by Virginia statute, property taxes not collected within 60 days after year end are reflected as deferred revenues - uncollected property taxes. Sales and utility taxes, which are collected by the State and public utilities and subsequently remitted to the County, are recognized as revenues and receivables when collected by the State and the utility (generally in the month preceding receipt by the County). Licenses, permits, and fines are recorded as revenues when received. Intergovernmental revenues, consisting primarily of federal, state and other grants used for the purpose of funding specific expenditures, are recognized when earned or at the time of the specific expenditure. Revenues from general-purpose grants are recognized in the period to which the grant applies.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2010

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. An exception to this general rule is principal and interest on general long-term debt which are recorded when paid.

Proprietary Funds

The accrual basis of accounting is used for the Enterprise and Internal Service Funds. Under the accrual method, revenues are recognized in the accounting period in which they are earned, while expenses are recognized in the accounting period in which the related liability is incurred.

Fiduciary Funds

Agency Funds utilize the accrual basis of accounting.

F. Budgets and Budgetary Accounting

The County adheres to the following procedures in establishing the budgetary data reflected in the financial statements:

In January, the Superintendent of Schools submits a proposed budget to the School Board, which conducts public hearings to obtain taxpayer comments. The School Board will then adopt a School Budget and submit it to the County Board of Supervisors before March 1st.

Prior to April 1, the County Manager submits to the County Board of Supervisors (the "Board") a proposed operating budget for the fiscal year commencing July 1, which includes the proposed school budget. The operating budget includes proposed expenditures and the means of financing them. A public hearing is conducted to obtain taxpayer comments. The Board will hold a public hearing on the total County budget (including Schools) and then adopt the County budget before the end of April. Prior to May 1, the budget is legally enacted through passage of a resolution. Prior to July 1, the Board approves the Appropriations Resolution (the "Resolution"). The Resolution places legal restrictions on expenditures at the function level.

The County Manager is authorized to transfer budgeted amounts between departments within any fund; however, the Board must approve any revisions that alter the total budgeted amounts and/or appropriations of any fund. Although legal restrictions on expenditures are established at the function level, effective administrative control over expenditures is maintained through the establishment of more detailed line-item budgets.

Budgets are adopted on a basis consistent with GAAP. Annual operating budgets are adopted for all Governmental Funds (including Schools) except for the Capital Projects Fund, in which effective budgetary control is achieved on a project-by-project basis when funding sources become available. Budgeted amounts shown are as amended by the Board during the course of the fiscal year.

All appropriations lapse at year-end, except those for the Capital Projects Fund. It is the intention of the Board that appropriations for Capital Projects continue until completion of the project. The Board, in an appropriation Board paper, reaffirms this each year.

G. Encumbrances

Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in the General Fund, Special Revenue Fund and Capital Projects Fund. While appropriations lapse at the end of the fiscal year for the General Fund and Special Revenue Fund, the succeeding year's budget ordinance specifically provides for the re-appropriation of year-end encumbrances. Encumbrances, which have been re-appropriated, are reported as reservations of fund balances since they do not constitute expenditures or liabilities.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2010

H. <u>Inventory and Prepaid Expenses</u>

Proprietary Funds

Inventory consists mainly of supplies and spare parts held for consumption, which are valued by methods, which approximate average cost. Prepaid expenses represent a deposit made to an outside company for postage for the weekly mailing of utility bills. Amounts are expensed under the consumption method as the bills are mailed.

I. Interest Costs

In accordance with GAAP, the cost of properties for the Water and Wastewater segment of the Enterprise Funds includes net interest costs incurred during the construction period on funds borrowed to finance the acquisition or construction of major facilities. For the year ended June 30, 2010, the Water and Sewer Enterprise Fund incurred interest costs of \$8,162,621, of which \$3,642,985 was capitalized.

J. Bond Issuance Costs

Bond issuance costs are deferred and amortized using the straight-line method over the term of the related bond issues. For the year ended June 30, 2010, the County had \$2,588,212 in unamortized bond issuance costs.

K. <u>Accrued Compensated Absences</u>

Annual leave is granted to all permanent County employees and certain permanent County School System ("School") employees. County and School employees can earn annual leave at the rate of 4 hours for every 80 standard hours worked up to a maximum of 9 hours for every 80 standard hours after 20 years of service. While there is no requirement that annual leave be taken, the maximum permissible accumulation is 468 hours for County employees and 52 days for School employees. Accumulated annual leave vests and the County is obligated to make payment even if the employee terminates. The current and non-current liability for unused and unpaid annual leave attributable to the County's Governmental Funds is recorded in the government-wide financial statements. The decrease in the accrued liability for compensated absences within the government-wide financial statements is expended in the year used by County employees within the General and Special Revenue Funds. The amounts attributable to the Proprietary Funds (Enterprise and Internal Service Funds) are charged to expense and corresponding liabilities established in the applicable Proprietary Funds.

County and School Board employees can earn sick leave at the rate of 4 hours for every 80 standard hours worked and 13 days per year, respectively, without limitation on accumulation. Sick leave is non-vesting with the exception of employees retiring from service. Retiring employees are vested at a rate of \$2.50 for every hour of sick leave earned with a maximum payment of \$5,000. In accordance with GAAP, the liability has been recorded using the termination payment method.

L. Reserved and Designated Fund Balance

The County's governmental fund balance reserves are used to indicate the portion of the fund balance that is not appropriated for expenditures or is legally segregated for a specific future use. Designations of portions of the fund balance are established to indicate tentative plans for financial resource utilization in a future period.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2010

Designation of fund balance by purpose is as follows:

		Special	Debt	Capital
	General	Revenue	Service	Projects
	Fund	Fund	Fund	Fund
Self-insurance (Note 8)	\$ 10,000,000	\$ -	\$ -	\$ -
Debt service	-	-	6,496,004	-
Construction commitmen	ts -	-	-	114,571,688
Capital projects	42,642,735	-	-	-
Street Lighting	-	772,623	-	-
State and Federal Grants	-	11,110,340	-	-
Solid Waste	-	7,948,882	-	-
For FY 2010-11 Budget	7,105,750	-	-	-
Revenue Stabilization	42,040,086	-	-	-
All Others	138,692	4,501,422		
Total designated				
for specific purposes	\$ 101,927,263	\$24,333,267	<u>\$6,496,004</u>	<u>\$ 114,571,688</u>

M. Statement of Cash Flows

The County has presented a statement of cash flows for the Proprietary Funds. For purposes of this statement, cash and cash equivalents are defined as short-term highly liquid investments that are readily convertible to known amounts of cash and investments with original maturities of 90 days or less.

N. GASB Statement No. 20 Election

GASB Statement No. 20, Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities that use Proprietary Fund Accounting, requires enterprise activities to apply all applicable GASB pronouncements, as well as FASB pronouncements, Accounting Principles Board Opinions, and Accounting Research Bulletins issued on or before November 30, 1989, unless these pronouncements conflict with or contradict GASB pronouncements. In accordance with GASB No. 20, management has elected not to apply FASB pronouncements issued after November 30, 1989.

O. New Accounting Pronouncements

The County adopted GASB Statement No. 51, *Accounting and Financial Reporting for Intangible Assets*, in during 2010. This Statement establishes guidance regarding how to identify, account for, and report intangible assets. The adoption of GASB Statement No. 51 had no affect on the County's financial statements for FY2010.

The County adopted GASB Statement No. 53, *Accounting and Financial Reporting for Derivative Instruments*, during 2010. This Statement addresses the recognition, measurement, and disclosure of information regarding derivative instruments entered into by state and local governments. The adoption of GASB Statement No. 53 had no affect on the County's financial statements for FY2010.

P. Future Accounting Pronouncements

In March 2009, GASB issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. The objective of this Statement is to enhance the usefulness of fund balance information by providing clearer fund balance classifications that can be more consistently applied and by clarifying the existing governmental fund type definitions. This Statement establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds. The County has not completed the evaluation of the impact that the implementation of this Statement will have on the financial statements. The County will adopt this Statement for the fiscal year ending June 30, 2011.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2010

NOTE 2. DEPOSITS AND INVESTMENTS

The County utilizes a pooled cash and investments approach where each fund participates on a dollar equivalent and daily transaction basis. Interest is distributed based on average monthly balances. Use of current banking processes provides for daily sweeps of deposits made to County accounts, resulting in an instantaneous transfer to the investment account. Thus, the majority of funds in the County's general account are invested at all times. Exceptions to this are funds in the James River Juvenile Detention Commission checking account and the School Student Activity Fund, which are not under County control. The County's pooled portfolio also excludes pension plans, maintained by the Virginia Retirement System ("VRS"), and Bond proceeds maintained in the State Non-Arbitrage Pool, an SEC-registered money market fund.

The County maintains a cash and temporary investment pool that is available for use by all funds, except School Activity Agency Funds. Each fund type's portion of this pool is displayed on the combined balance sheet as "Cash and temporary investments". In addition, cash and investments are separately held for several of the County's funds. Highly liquid investments with maturities of 90 days or less from date of purchase are considered cash equivalents. In accordance with GAAP, investments are shown at fair value except for commercial paper, banker's acceptances, Treasury and Agency obligations that have a remaining maturity at the time of purchase of one year or less, which are shown at amortized cost. As of June 30, 2010, the difference between amortized cost and the fair value of those securities held at amortized cost is immaterial to the basic financial statements. Fair value is based on quoted market prices, which are provided by the County's Investment Manager, Sterling Capital, as of June 30, 2010. The net increase in fair value of investments during the year ended June 30, 2010, was \$1,221,690. This amount takes into account all changes in fair value that occurred during the fiscal year.

Deposits - Bank

At June 30, 2010, the carrying value of the County's deposits with banks was \$55,237,348 and the bank balance was \$62,073,409. All of the bank balance was covered by Federal Depository Insurance or collateralized in accordance with the Virginia Security for Public Deposits Act (the "Act"). Under the Act, banks holding public deposits in excess of the amounts insured by FDIC must pledge collateral in the amount of 50 percent of excess deposits to a collateral pool in the name of the State Treasury Board. The State Treasury Board is responsible for monitoring compliance with the collateralization and reporting requirements of the Act and for notifying local governments of compliance by banks. A multiple financial institution collateral pool that provides for additional assessments is similar to depository insurance. If any member financial institution fails, the entire collateral pool becomes available to satisfy the claims of governmental entities. If the value of the pool's collateral is inadequate to cover a loss, additional amounts would be assessed on a pro rata basis to the members of the pool.

The carrying amount of deposits for the School Board, a discretely presented component unit, was \$2,261,886 and the bank balance was \$2,541,812. All of the bank balance was covered by Federal Depository Insurance or collateralized in accordance with the Virginia Security for Public Deposits Act. The carrying amount of deposits for the James River Juvenile Detention Commission, a discretely presented component unit, was \$3,028,061, and the bank balance was \$3,028,061. All of the bank balance was covered by Federal Depository Insurance or collateralized in accordance with the Virginia Security for Public Deposits Act.

Deposits – Fiscal Agent

At June 30, 2010, the County had deposits of \$13,306,225 with fiscal agents representing funds to meet debt service requirements in accordance with various bond resolutions and trust indentures. These deposits were collateralized in accordance with the provision of the Act.

<u>Investments</u>

State statutes authorize the County to invest in obligations of the United States or agencies thereof, obligations of the Commonwealth of Virginia or political subdivisions thereof, obligations of any city, county, or town situated in any one of the states of the United States, commercial paper rated A-1 by Standard and Poor's Corporation or P-1 by Moody's Commercial Paper Record, banker's acceptances, repurchase agreements, money market mutual funds that invest

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2010

exclusively in securities specifically permitted under the State Code, and the State Treasurer's Local Government Investment Pool. The County's current investment guidelines do not permit the investment of funds in repurchase agreements. During the fiscal year, the County had investments in municipal bonds, money market mutual funds, obligations of the United States and agencies thereof.

The County's investment guidelines establish limitations on holdings, in order to avoid over-concentration in securities from a specific issuer or business sector (excluding U.S. Treasury Securities). The maximum percentage of the portfolio permitted in each security is as follows:

U.S. Treasury Obligations (bills, notes and bonds)	100%
U.S. Government Agency Securities and Instrumentalities	70%
Banker's Acceptance (BA's)	40%
Money Market	40%
Certificates of Deposit (CD's) Commercial Banks	90%
Certificates of Deposit (CD's) Savings & Loan Associations	10%
Commercial Paper	35%
Local Government Investment Pool (maximum \$50 million)	75%
Municipal Bonds	70%

With a further limitation of a maximum 5 percent of the portfolio for any single Banker's Acceptance or Commercial Paper issuer. The County's total investment percentages in comparison to the investment guidelines are as follows:

Primary Government

			Percent of
	 Fair Value	Policy	Portfolio
U.S. Treasury	\$ 152,588,645	70%	25.30%
Municipal Bonds	101,973,026	70%	16.91%

The County's portfolio manager, Sterling Capital, provided the day-to-day management of investments during fiscal year 2010. In addition, the County's contract with the portfolio manager requires that at the time funds are invested, collateral will be received and held in the County's name in the Trust Department of the County's independent third-party custodian, Branch Banking and Trust (BB&T) Bank. The County and its discretely presented component units' investments are subject to interest rate, credit and custodial risk as described below:

Percent of

Interest Rate Risk – As a means of limiting exposure to fair value losses arising from rising interest rates, the County's investment guidelines establish a limit of 55 percent of the County's investment portfolio to maturities of less than one year. The guidelines further limit investments of longer than one year to a maximum 45 percent of the portfolio, and the maximum permissible maturity for any individual security is five years.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2010

Credit Risk – State Statutes authorize the County to invest in obligations of the United States or agencies thereof, obligations of the Commonwealth of Virginia or political subdivision thereof, obligations of any city, county, or town situated in one of the states of the United States, commercial paper rated A-1 by Standard and Poor's Corporation or P-1 by Moody's Commercial Paper Record, bankers acceptances, repurchase agreements, money market mutual funds and State Treasurers Local Government Investment Pool. During the fiscal year, the County made investments in obligations of the United States and agencies thereof, municipal bonds, commercial paper and money market funds. All investments were in compliance with the State Statues governing investments of Public funds. The credit quality of obligations of U.S. government agencies held in the portfolio for the Federal National Mortgage Association (FNMA), the Federal Home Loan Banks (FHLB), and the Federal Home Loan Mortgage Corporation (FHLMC), received AAA ratings from Moody's or Standard & Poor's. The credit quality of the municipal bonds held in the portfolio received ratings from Moody's and Standard & Poor's ranged from AA- to AAA. The commercial paper held in the portfolio received ratings from Moody's and Standard & Poor's of P-1 and A-1. The County used two money market mutual funds during the fiscal year, the State Non-Arbitrage Pool is rated AAAm by Standard and Poor's, and Federated Government Obligation Fund is rated AAA by Standard and Poor's.

Custodial Risk – For an investment, custodial risk is the risk that in the event of the failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The County's investment guidelines require that at the time funds are invested, collateral will be received and held in the County's name in the Trust Department of the County's independent third-party custodian, BB&T Bank.

As of June 30, 2010, the County had the following investments and maturities:

Central Automotive Maintenance has a receivable of \$5,570 as of June 30, 2010 which is included on a government-wide basis. Long-term assets on a government-wide basis also include taxes receivable of \$8,433,379 that is not available to pay for current period expenditures and, therefore, are included in the unearned revenue for the governmental funds. Tax revenue reported in the government-wide statements includes \$3,052,994 of revenue that does not provide current financial resources, and therefore is not included in the governmental funds.

Component Units

	School		
Receivables:	Board	JRJDC	<u>Total</u>
Intergovernmental	<u>\$ 12,097,139</u>	<u>\$ 99,924</u>	<u>\$ 12,197,063</u>

Receivables are presented net of appropriate allowances for doubtful accounts. The County calculates its allowances using historical collection data, specific account analysis and management's judgment. All of the Component Units' receivables are considered to be collectible.

NOTE 4. PROPERTY TAXES

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied in April and are payable in two installments on June 5th and December 5th. Installments due on June 5, 2010, are levied for fiscal year 2010 and installments due on December 5, 2010, are levied for fiscal year 2011. The County bills and collects its own property

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2010

taxes. Property taxes levied are recorded as receivables, net of allowance for estimated uncollectible accounts, to the extent that they are currently due.

The Virginia General Assembly passed SB 4005, the Personal Property Tax Relief Act ("PPTRA") in April 1998. The bill provides for the State to reimburse a portion of the tangible Personal Property Tax levied on personal use cars, motorcycles and trucks. In 1998, the reimbursement was 12.5 percent of the tax on the first \$20,000 of the value of the qualifying vehicle. The reimbursement rate was 27.5 percent for tax year 1999, and increased to 47.5 percent for tax year 2000 and 70.0 percent for tax years 2001 through 2005. The reimbursement rate for 2006 and thereafter will be determined by each locality based upon their share of the \$950 million allocated by the Commonwealth for personal property tax relief on qualifying vehicles. For tax year 2010, the State reimbursement receivable is reflected as a due from other governments. Revenue for the State reimbursement is recorded as non-categorical aid from the State. Localities will continue to assess and administer the Personal Property Tax Relief program.

NOTE 5. <u>DUE FROM OTHER GOVERNMENTAL UNITS</u>

Pension liabilities	3,369,220	7,332	-	3,376,552
Landfill post-closure costs	8,487,968	874,610		9,362,578
Total	\$ 551,176,348	\$ 189,118,440	\$ 229,523,511	\$ 510,771,277
Premium on bonds	13,680,255	21,306,824	4,214,213	30,772,866
Total long-term debt	\$ 564,856,603			\$ 541,544,143
Current maturities	(67,825,088)			(65,579,222)
Net long-term liabilities	<u>\$ 497,031,515</u>			<u>\$ 475,964,921</u>

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2010

The current maturity of long-term liabilities at, June 30, 2010 consists of the following:

General obligation bonds	\$ 31,510,000
Capital lease obligations	2,420,623
Accrued claims payable	13,184,468
Accrued compensated absences	 18,464,131
Total current maturities	\$ 65,579,222

Long-term liabilities applicable to the County's governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities in the governmental funds. Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when due.

All liabilities, both current and long-term, are reported in the Statement of Net Assets. The adjustment from modified accrual to full accrual is as follows:

Balances at June 30, 2010 were:	
Long-term liabilities (detail above)	\$ 541,544,143
Internal Service Fund long-term liabilities	 (290,834)
Combined adjustment	\$ 541,253,309

In addition, interest on long-term debt is recognized under the modified accrual basis of accounting when due, rather than as it accrues. The adjustment from modified accrual to full accrual is \$845,638, which represents the change in accrued interest on bonds payable as of June 30, 2010.

In November 2000 and March 2005, the County's voters authorized the issuance of general obligation bonds. In 2000, voters authorized \$237,000,000, of which \$236,948,800 has been issued as of June 30, 2009. In 2005, voters authorized an additional \$349,300,000 in bonds, of which \$196,199,909 has been issued as of June 30, 2010. The County plans to issue the remaining bonds in future fiscal years.

In January, 2003, the County sold \$107,545,000 General Obligation Refunding Bonds to provide funding for certain School capital improvements, fire stations, recreation and park facilities, road projects and the refunding of existing bonds. Of the total issued, \$50,230,000 was new general obligation debt, \$16,650,000 was issued to refund, prior to maturity, \$16,000,000 of the 1993 VPSA bond issue, and \$40,665,000 was issued to refund, prior to maturity, \$42,085,000 of the 1993 Refunding issue. The interest rate on the 2003 bond issue is between 2 percent and 5 percent and the final maturity will occur on January 15, 2023. The principal payments range from \$1,610,000 to \$8,335,000. The County reduced its aggregate debt service payments by approximately \$4.1 million over the next 11 years and obtained an economic gain (difference between the present value of the old and new debt service payments) of \$3.9 million.

In June, 2004, the County sold \$38,920,000 General Obligation Public Improvement Bonds, Series 2004 to provide funding for certain School capital improvements, fire stations, recreation and park facilities and road construction projects. The interest rates on these bonds range between 4 percent and 5.25 percent. The principal payments range from \$1,945,000 to \$1,950,000 and the final maturity will be on July 15, 2024.

On August 2, 2005, the County sold General Obligation Public Improvement Bonds, Series 2005 in the aggregate principal amount of \$77,815,000 to provide funding for certain school capital improvement projects, library facilities, fire stations, recreation and park facilities improvements and various road projects in the County, pursuant to the voter authorizations at elections held in the County on November 7, 2000 and March 8, 2005. The Bonds mature on July 15th in each of the years 2006 through 2025.

On November 3, 2006, the County sold General Obligation Public Improvement Bonds, Series 2006 in the aggregate principal amount of \$71,915,000 to provide funding for certain school capital improvements, library facilities, fire stations and facilities and recreation and park facilities improvements in the County, pursuant to the voter authorizations at elections held in the County on November 7, 2000 and March 8, 2005. The Bonds mature on December 1st in each of the years 2007 through 2026.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2010

On January 10, 2008, the County sold General Obligation Public Improvement Bonds, Series 2008 in the aggregate principal amount of \$29,810,000 to provide funding for certain school capital improvement projects, fire stations and facilities in the County, pursuant to the voter authorization at an election held on March 8, 2005. The Bonds mature on December 1 in each of the years 2008 through 2027.

On July 2, 2008, the County sold Virginia Public School Authority (VPSA) Special Obligation School Financing Bonds, Series 2008, in the aggregate principal amount of \$44,440,000 to provide funding for various school capital improvement projects. The interest rates on these bonds range between 3.5 percent and 5.0 percent. The bonds mature on July 15th in each of the years 2009 through 2028.

On November 13, 2008, the County sold County of Henrico, Virginia General Obligation Public Improvement Bonds, Series 2008A, in the aggregate principal amount of \$93,090,000 to provide funding for various county and school capital improvement projects. The interest rates on these bonds range between 3.5 percent and 5.0 percent. The bonds mature on December 1st in each of the years 2009 through 2028.

On May 13, 2009, the County sold \$33,785,000 General Obligation Public Improvement Refunding Bonds – Series 2009 to advance refund, \$20,010,000 of the County's Series 2001 General Obligation Public Improvement Bonds and \$13,320,000 of the County's Series 2002 General Obligation Public Improvement Bonds. The interest rate on the 2009 bond issue is between 2 percent and 5 percent and the final maturity will occur on March 1, 2022. The principal payments range from \$100,000 to \$3,110,000. The County reduced its aggregate debt service payments by approximately \$ 1.8 million over the next 13 years and obtained an economic gain (difference between the present value of the old and new debt service payments) of \$5.23 million. The proceeds of the 2009 Refunding Issue were deposited in a trust fund and were used to purchase U.S. Government Obligations that will mature and bear interest payable at times and in amounts sufficient to pay interest when due on the Refunded Bonds to their respective redemption dates and to pay the redemption prices of the Refunded Bonds on such dates. For legal and accounting purposes, the Refunded Debt is considered to have been paid, and neither the debt (of which \$33,330,000 remained outstanding at June 30, 2010) nor the assets placed in the trust fund are reflected in the County's financial statements.

On May 3, 2010, the County sold \$119,735,000 General Obligation Public Improvement Refunding Bonds – Series 2010 to refund, prior to maturity, portions of the following bonds: General Obligation Public Improvement Bonds Series 2004, 2005, 2006, 2008 and 2008A and General Obligation Public Improvement and Refunding Bonds Series 2003. The interest rate on the 2010 bond issue is between 3 percent and 5 percent and the final maturity will occur on July 15, 2025. The principal payments range from \$475,000 to \$18,040,000. The County reduced its aggregate debt service payments by approximately \$3.9 million over the next 15 years and obtained an economic gain of (difference between the present value of the old and new debt service payments) of \$6.5 million. The proceeds of the 2010 Refunding Issue were deposited in a trust fund and were used to purchase U. S. Government Obligations that will mature and bear interest payable at times and in amounts sufficient to pay interest when due on the Refunded Bonds to their respective redemption dates and to pay the redemption prices of the Refunded Bonds on such dates. For legal and accounting purposes, the Refunded Debt is considered to have been paid, and neither the debt (of which \$124,570,000 remained outstanding at June 30, 2010) nor the assets placed in the trust fund are reflected in the County's financial statements.

As of June 30, 2010, the County's bonds are subject to the provisions of the Internal Revenue Service Code of 1986 related to arbitrage and interest income tax regulations under those provisions. The County has recorded an estimated arbitrage rebate liability in the Governmental activities of \$1,669,563 at June 30, 2010. The Water and Sewer Fund did not have an arbitrage rebate liability at June 30, 2010.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2010

General Obligation Bonds

Details of general obligation bonds for the County at June 30, 2010 are as follows:

	Interest Rates	Date Issued	Final <u>Maturity Date</u>	Amount of Original Issue	Balance
VPSA 1996 Bonds	5.00-6.00	11/01/96	07/15/16	\$ 30,595,000	\$ 10,705,000

TOTAL	<u>\$ 420,720,000</u>	<u>\$ 151,057,619</u>

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2010

General obligation bonds are backed by the full faith and credit of the County and are issued primarily for construction in progress for various purposes. The County has no sinking fund or legal debt margin requirements. All general obligation bonds, except VPSA bonds, have been authorized by public referendum. The VPSA bonds have been issued by the adoption of a resolution by the County Board of Supervisors. The County is independent of any city, town or other political jurisdiction; therefore, there is no overlapping debt or taxing power.

Business-Type Activities

A summary of the Water and Sewer Fund ("Fund") and the Belmont Park Golf Course, long-term debt and the individual components of long-term debt at June 30, 2010 are as follows:

		Balance ne 30, 2009	Additions		Deletions	Balance June 30, 2010

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2010

Current maturities of long-term debt at June 30, 2010, consist of the following:

Revenue bonds	\$ 6,260,000
Capital lease obligations	7,762
Accrued compensated absences	 921,866
Total current maturities	\$ 7,189,628

In prior years, the County defeased certain Water and Sewer Revenue Bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not reflected in the County's financial statements. At June 30, 2010, \$57,610,000 of Water and Sewer System Revenue Bonds, which were considered defeased, remained outstanding.

The Fund may issue additional bonds payable, which may be collateralized equally with the outstanding Bonds for any purpose connected with or pertaining to the Fund, upon compliance with the following conditions, among others:

- One-half of the net operating revenues of the Fund, as defined, during any 24 consecutive months out of the 30 months immediately preceding the issuance of the additional bonds, shall have been not less than 1.25 times the maximum annual debt service requirement on all bonds then outstanding and the proposed additional bonds; and the
- Net operating revenues of the Fund, as defined, during the first full fiscal year following the date upon which the project or undertaking for which the proposed additional bonds are being issued is anticipated to be completed, shall be estimated by a nationally recognized consulting engineer to be not less than 1.25 times the annual debt service requirement on account of all bonds then outstanding and the proposed additional bonds.

Net operating revenues were 1.94 times the annual debt service requirements for the year ended June 30, 2010.

On March 15, 2002, the County issued \$17,345,000 of Water and Sewer Refunding Bonds to refund the entire outstanding balance of the 1992 bond series. The interest rate on these bonds is between 3% and 4.625% and the final maturity will occur on May 1, 2013. The principal payments range from \$1,230,000 to \$1,740,000. Although the advance refunding resulted in the recognition of an accounting loss of \$213,595 for the year ended June 30, 2002, the Fund reduced its aggregate debt service payments by approximately \$2.3 million over the next 12 years and obtained an economic gain (difference between the present value of the old and new debt service payments) of \$1.7 million. The interest due on the Bonds as of July 1 has been accrued as of June 30, in accordance with the related covenants. Cash has been restricted for these accruals. In addition, net assets have been restricted and cash has been restricted in an amount equal to the maximum annual debt service requirement for the Bonds.

On July 6, 2006, the County sold Revenue Bonds Series 2006A \$81,470,000 of new money Bonds and Series 2006B \$4,795,000 of refunding Bonds. Series 2006B refunded the County's outstanding Series 1994 Bonds. The proceeds of the Bonds were used to finance capital additions and extensions to the Water and Sewer System. The Bonds mature on May 1st in each of the years 2007 through 2036. The Fund reduced its aggregate debt service payments by approximately \$400,000 over the next 7.5 years and obtained an economic gain (difference between the present value of the old and new debt service payments) of approximately \$341,000.

On February 19, 2009, the County issued \$70,360,000 of Water and Sewer Refunding Bonds to refund the entire outstanding balance of the 1999 bond series. The interest rate on these bonds is between 2.25% and 5% and the final maturity will occur on May 1, 2028. The principal payments range from \$315,000 to \$5,065,000. The advance refunding resulted in the recognition of an accounting gain of \$2,150,208 for the year ended June 30, 2010. The Fund reduced its aggregate debt service payments by approximately \$5,650,606 over the next 20 years and obtained an economic gain (difference between the present value of the old and new debt service payments) of \$5,406,608. The interest due on the Bonds as of July 1 has been accrued as of June 30, in accordance with the related covenants. Cash has been restricted for these accruals. In addition, net assets have been restricted and cash has been restricted in an amount equal to the maximum annual debt service requirement for the Bonds.

On December 22, 2009, the County issued \$22,915,000 of Water and Sewer Refunding Bonds to refund the entire outstanding balance of the Variable Rate Series 1997 VRA Bonds. The interest rate on these bonds is between 2% and 5%

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2010

and the final maturity will occur on May 1, 2028. The principal payments range from \$1,175,000 to \$2,050,000. The Fund reduced its aggregate debt service payments by \$44,418,268 over the next 20 years.

The County also issued \$9,800,000 of Taxable-Recovery Zone Economic Development Bonds (RZEDB). Pursuant to the American Recovery and Investment Act of 2009, the County will receive a cost subsidy payment from the United States Treasury equal to 45% of the interest payable on the Series 2009B Bonds on each interest payment date. These bonds were issued at a taxable interest rate of between 5.853% and 6.153% and the final maturity will occur on May 1, 2036.

Principal and interest payment on the Bonds for the five fiscal years subsequent to June 30, 2010 and thereafter follows:

Years	<u>Principal</u>	<u>Interest</u>
2011	\$ 6,260,000	\$ 8,523,503
2012	8,400,000	8,303,903
2013	8,565,000	7,950,628
2014	7,815,000	7,588,990
2015	5,700,000	7,351,052
2016-2020	32,265,000	33,008,938
2021-2025	40,370,000	24,866,044
2026-2030	38,925,000	14,150,997
2031-2035	28,015,000	6,229,608
2035-2036	6,405,000	336,046
Total	<u>\$ 182,720,000</u>	\$ 118,309,709

Component Units

School Board:

The Board of Supervisors has authorized the School Board to borrow funds from the Literary Fund of the Commonwealth of Virginia (the "Literary Fund") to finance repairs to eligible educational facilities. For each facility qualifying for a loan, the School Board borrowed funds from the Literary Fund in the form of a demand note with interest ranging from 3.00 percent to 5.00 percent with maturities through May 1, 2009, to cover the repair costs incurred. Once the repair of a facility has been completed, the demand note was converted into a 20-year note payable with annual installments due on the anniversary date of the note. There were no outstanding Literary Fund loans at June 30, 2010.

The School Board's outstanding debt as of June 30, 2010 is as follows:

	Balance <u>June 30, 2009</u>	Additions	Deletions	Balance June 30, 2010
Capital lease obligations	\$ 11,963,471	\$ 20,077,227	\$ 11,703,597	\$ 20,337,101

2016	650,000	16,328
Total	<u>\$ 3,470,000</u>	<u>\$ 541,196</u>

Capital Leases

The County has entered into agreements for the leasing of buildings, computer hardware, automotive vehicles and equipment. These leases meet the criteria of a capital lease as defined by Statement of Financial Accounting Standards No. 13, Accounting for Leases ("FASB Statement 13"), which defines a capital lease generally as one which transfers the benefits and risks of ownership to the lessee. As such, \$20,560,295 of equipment and \$36,425,000 of buildings has been capitalized as of June 30, 2010. The acquisition of fixed assets through capital lease obligations is reflected as expenditure and other financing source in the General or Capital Projects Funds when the obligations are incurred. Payments to satisfy capital lease obligations are recorded as a debt service expenditure in the General or Debt Service Funds when the cash outlays are made. Assets capitalized under these lease agreements are pledged as collateral on the obligations.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2010

The County and the Henrico Economic Development Authority ("EDA") have entered into several lease agreements. The first was a \$28,765,000 Lease Revenue Bond for construction of a new Fire and Police building for training and communications, computer equipment and renovation of the current public safety building issued on November 1, 1996. The second was a \$24,765,000 Lease Revenue Bond for construction of a parking deck and computer equipment issued on February 1, 1998. The County is required to pay rent in an amount sufficient to pay the principal and interest. The County has recorded lease obligations for these agreements. Also, on October 1, 1999, the County entered into a \$39,605,000 Public Facility lease Revenue Refunding Bond agreement with the EDA. These bonds were sold November 1, 1999.

The bond proceeds along with \$27,743,200 from the Commonwealth of Virginia were used to refund the EDA's Public Facility Lease Revenue Bond (Henrico County Regional Jail Project) series 1994, in the aggregate outstanding principal amount of \$62,695,000 maturing through 2021. The proceeds were placed in an irrevocable trust for the purpose of generating resources for all future debt service payments of the refunded debt. As a result, the refunded bonds are considered to be paid and the liability has been removed from the County's financial statements. This advanced refunding was undertaken to reduce the total debt service payments over the next 22 years by \$5,525,405 and to obtain an economic gain (difference between the present value of the debt service payments of the refunded and refunding bonds) of \$1,623,790.

On August 27, 2009, the Economic Development Authority of Henrico, County Virginia (the "Authority") issued \$10,210,000 Governmental Projects Lease Revenue Refunding Bonds, Series 2009A to refund a portion of the Authority's Series 1996 and Series 1998 Lease Revenue Bonds and \$26,215,000 Public Facility Lease Revenue Refunding Bonds, Series 2009B to refund a portion of the Authority's Series 1999 Public Lease Revenue Refunding Bonds. The interest rate on the 2009A Refunding Bonds is between 2% and 3.25%. The principal payments range from \$80,000 to \$1,740,000 with the final maturity on June 1, 2018. The interest rate on the 2009B Refunding Bonds is between 3% and 5%. The principal payments range from \$1,035,000 to \$2,935,000 with the final maturity on June 1, 2018.

The Schools have entered into agreements for the leasing of computer hardware and equipment. These leases meet the criteria of a capital lease as defined by GAAP, which defines a capital lease generally as one which transfers the benefits and risks of ownership to the lessee. As such, \$20,337,101 of equipment and has been capitalized as of June 30, 2010. The acquisition of capital assets through capital lease obligations is reflected as expenditure and other financing source in the General or Capital Projects Funds when the obligations are incurred. Payments to satisfy capital lease obligations are recorded as debt service expenditure in the General or Debt Service Funds when the cash outlays are made.

Future minimum lease payments under these capital leases for fiscal years ending June 30 are as follows:

				Total Future
	Equipment	EDA Lease		Minimum
<u>Years</u> 2011	Lease Obligations \$ 161,336	Obligations \$ 2,259,287	Schools \$ 8,624,333	<u>Lease Payments</u> \$ 11,044,956

Less amount representing interest		1,490
Present value of future minimum lease payments	\$	23,332

NOTE 8. CONTINGENCIES AND COMMITMENTS

A. Litigation

The County and School Board are named as defendants in several cases including tax assessment, construction contract, personal injury, special education, civil rights and other contract cases. The maximum exposure amount that can be reasonably estimated is \$1,772,500 for these cases and potential counterclaims where the County is the plaintiff. It is probable that approximately \$210,000 of these claims will result in an unfavorable outcome for the County. These claims are covered under the County's self-insurance program as discussed in note 8C. The County intends to defend its position in these claims vigorously. It is the opinion of County management, based on the advice of the County Attorney, that any losses incurred as a result of claims existing as of June 30, 2010 will not be material to the County's financial statements.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2010

B. Federal Grant Awards

The County and School Board participate in a number of federally assisted grant programs. These programs are subject to program compliance audits by the grantors or their representatives. The audits of these programs for or including the year ended June 30, 2010 have not yet been completed. Accordingly, the County's compliance with applicable grant requirements will be established at some future date. The amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time although the County expects such amounts, if any, to be immaterial.

C. Risk Management

The County and School Board maintain a self-insurance program ("Program") for workers' compensation claims, certain property and casualty risks, health care and other claims. Insurance carriers cover workers' compensation claims in excess of \$750,000 per occurrence. VaCOR, through the Travelers Insurance Company, covers property claims in excess of \$1,000,000 per occurrence. Genesis Insurance Company covers liability claims between \$2,000,000 and \$7,000,000 per occurrence. The County's estimated and recorded liability for claims payable at June 30, 2010 includes actuarial estimates of probable losses on claims received and claims incurred but not reported. The liability also includes non-incremental claims adjustment expenses. The County has recorded expenditures of \$1,797,505 in the General Fund to reflect the liability for the estimated settlement value of all reported workers' compensation and property and casualty claims covered by the Program at June 30, 2010, that are expected to be liquidated with current resources. The amount of settlements has not exceeded insurance coverage in each of the past three years.

Effective January 1, 2008, the County began participating in a self-funded health care program covering medical and prescription drug costs. The County pays all covered claims up to \$300,000 per individual per year. Individual claims that exceed \$300,000 per year are covered by specific excess risk insurance. Additionally, claims in the aggregate that exceed 125% of projected claims for the year are covered by aggregate excess risk insurance. The carrier of the excess risk policy is Coventry Health and Life Insurance Company. The County has recorded \$6,764,000 for health care claims incurred but not reported in the Government-wide Statement of Net Assets at June 30, 2010.

In addition, the County has recorded \$15,515,822 for the County and \$5,277,573 for the School Board in the Government-wide Statement of Net Assets to reflect the liability for the estimated settlement value of workers' compensation and property and casualty claims covered by the Program at June 30, 2010 that are not expected to be liquidated with current resources. Also, the County has designated \$10,000,000 of the June 30, 2010 General Fund's Fund balance as a self-insurance reserve.

At June 30, 2010, the County and Schools had an outstanding claims liability as follows:

	FY 2009		FY		2010		
		County	 Schools		County		Schools
Balance, July 1	\$	19,643,677	\$ 6,013,998	\$	21,268,551	\$	5,295,567
Current year claims and changes in estimates		11,453,526	913,719		13,242,730		2,010,106
Claim payments		(9,828,652)	 (1,632,150)		(12,231,459)		(2,028,100)
Balance, June 30	\$	21,268,551	\$ 5,295,567	<u>\$</u>	22,279,822	\$	5,277,573

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2010

D. <u>Commitments</u>

At June 30, 2010, the County had contractual commitments for the construction of various projects as follows:

	Primary	Component
Capital Projects Funds:	Government	Unit-Schools
Computer and Technology Improvements	\$ 1,094,923	\$ -
Buildings and Grounds	1,939,115	-
Road Maintenance and Drainage	14,842,552	-
Community Development	720,933	-
Landfill Expansion and Development	138,810	-
Public Safety Projects	5,322,274	-
Parks and Recreation	7,987,331	-
Judicial Administration	460,323	=
Libraries	1,982,557	=
Education Projects	29,912,736	8,909,738
Total	<u>\$ 64,401,554</u>	\$ 8,909,378
Enterprise Funds:		
Wastewater Treatment Projects	\$ 26,360,000	
Water Plant Projects	6,041,610	
Computer and Information Systems	149,791	
Total	<u>\$ 32,551,401</u>	

E. Operating Leases

The County leases real estate, certain data processing equipment and other equipment under various long-term operating lease agreements for which rent expenditures aggregated \$ 2,310,572 for fiscal year 2010.

At June 30, 2010, the approximate annual long-term commitments for these operating leases were as follows:

	Co	ounty	School Board			
	Real	Other	Real	Other		
<u>Years</u>	Property	Equipment	Property	Equipment	<u>Total</u>	
2011	\$ 2,020,715	\$ 12,498	\$ 487,445	\$ 2,183	\$ 2,522,841	
2012	1,235,071	1,960	405,554	1,261	1,643,846	
2013	791,277	-	197,025	-	988,302	
2014	590,862	-	116,380	-	707,242	
2015	251,237	-	-	-	251,237	
2016-2020	39,105	-	-	-	39,105	
2021-2045	24	_	_		24	
Total	\$ 4,928,291	<u>\$ 14,458</u>	<u>\$1,206,404</u>	\$ 3,444	\$ 6,152,597	

All lease obligations (both capital and operating) are contingent upon the Board of Supervisors appropriating funds for each years' payments.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2010

F. Capital Asset Leasing

The County is the lessor of real estate and other equipment under various operating lease agreements for periods ranging from one to fifty years. The cost and accumulated depreciation on leased property at June 30, 2010, was \$6,312,087 and \$72,412, respectively.

At June 30, 2010, minimum rentals receivable for these existing leases were as follows:

Years	<u>Total</u>
2011	\$ 580,736
2012	541,563
2013	533,810
2014	464,547
2015	374,940
2016-2020	1,145,004
2021-2025	428,644
2026-2052	311,958
Total	<u>\$4,381,202</u>

The Water and Sewer Fund is the lessor of real estate and other equipment under various operating lease agreements for periods ranging from one to thirty years. The cost and accumulated depreciation on leased property at June 30, 2010, was \$4,425,485 and \$846,476, respectively.

At June 30, 2010, minimum rentals receivable for these existing leases were as follows:

Years	Total
2011	\$ 48,708
2012	27,965
2013	27,965
2014	28,014
2015	31,499
2016-2020	138,285
2021-2025	43,935
2026-2052	 8,462

Total <u>\$ 354,833</u>

G. Contingent Liabilities

Capital Region Airport Commission

See Note 18, "Joint Ventures" for a discussion of the County's contingent liability relating to the Capital Region Airport Commission.

Environmental Risk

The County is the owner of closed landfills, underground storage tanks, sewage lagoons and other potential sources of toxic substances. Ownership of these properties exposes the County to risk of third party pollution liability. At this time, no claim exists nor is there knowledge of any condition which impairs a third party's property or person.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2010

NOTE 9. DEFINED BENEFIT PENSION PLAN - AGENT MULTIPLE-EMPLOYER

A. Plan Description

The County and School Board Non-Professional Group contribute to an agent multiple-employer defined benefit pension plan administered by the Virginia Retirement System ("VRS"). All full-time, salaried permanent employees must participate in the VRS. Benefits vest after five years of service. Employees are eligible for an unreduced retirement benefit at age 65 with 5 years of service (age 60 for participating local law enforcement officers, firefighters, and sheriffs) or at age 50 with at least 30 years of service if elected by the employer (age 50 with at least 25 years of service for participating local law enforcement officers, firefighters, and sheriffs) payable monthly for life in an amount equal to 1.7 percent of their average final compensation ("AFC") for each year of credited service (1.85 percent to Sheriffs and if the employer elects, to other employees in hazardous positions receiving enhanced benefits). Benefits are actuarially reduced for retirees who retire prior to becoming eligible for full retirement benefits. In addition, retirees qualify for annual cost-of-living increases limited to 5 percent per year beginning in their second year of retirement. AFC is defined as the highest consecutive 36 months of reported compensation. Participating local law enforcement officers, firefighters, and sheriffs may receive a monthly benefit supplement if they retire prior to age 65. The VRS also provides death and disability benefits. Title 51.1 of the Code of Virginia (1950), as amended, assigns the authority to establish and amend benefit provisions to the General Assembly of Virginia.

The system issues a publicly available comprehensive annual financial report that includes financial statements and required supplementary information for VRS. A copy of that report may be downloaded from their website at http://www.varetire.org/Pdf/Publications/2009-Annual-Report.pdf or obtained by writing to the System at P.O. Box 2500, Richmond, VA 23218-2500.

B. Funding Policy

Plan members are required by Title 51.1 of the Code of Virginia (1950), as amended, to contribute 5 percent of their annual salary to the VRS. The employer may assume this 5 percent member contribution which the County has done. In addition, the County and School Board Non-Professional Group are required to contribute the remaining amounts necessary to fund its participation in the VRS using the actuarial basis specified by the Code of Virginia and approved by the VRS Board of Trustees. The County and School Board Non-Professional Group's contribution rates for the fiscal year ended 2010 were 11.01 percent and 20.06 percent, respectively, of annual covered payroll.

C. <u>Annual Pension Cost</u>

For 2009, the County annual pension cost of \$24,457,987 was not equal to the required and actual contributions; the School Board Non-Professional Group's cost of \$448,307 was equal to the required and actual contributions. The required contribution was determined as part of the June 30, 2007 actuarial valuation using the entry age normal actuarial cost method. The actuarial assumptions included (a) 7.5 percent investment rate of return, (b) projected salary increases ranging from 3.75 percent to 5.60 percent per year for general government employees and 3.50 percent to 4.75 percent for employees eligible for enhanced benefits available to law enforcement officers, firefighters, and sheriffs, and (c) 2.5 percent per year cost-of-living adjustments. Both (a) and (b) included an inflation component of 2.5 percent. The actuarial value of the County and School Board Non-Professional assets is equal to the modified market value of assets. This method uses techniques that smooth the effects of short-term volatility in the market value of assets over a five-year period. The unfunded actuarial accrued liability is being amortized as a level percentage of payroll on a open basis. The remaining amortization period at June 30, 2007 was 20 years.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2010

NET PENSION OBLIGATION (NPO)

Annual Required Contribution (ARC)	\$ 24,457,987

June 30, 2010	\$ 448,307	100.00%	\$ 0

D. Funded Status and Funding Progress

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumption about future employment and mortality. The amounts determined from the actuarial study regarding the funded status of the Plan and annual pension cost of the County are subject to continued revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress shows whether the actuarial value of the plan assets is increasing or decreasing over time relative to the actuarial accrued liability of the plan.

As of June 30, 2009, the most recent actuarial valuation date, the plan was 81.00 percent funded. The actuarial accrued liability for benefits was \$970,994,237, and the actuarial value of assets was \$786,485,788, resulting in an unfunded actuarial accrued liability (UAAL) of \$184,508,449. The covered payroll (annual payroll of active employees covered by the plan) was \$223,675,627, and ratio of the UAAL to the covered payroll was 82.49 percent.

NOTE 10. DEFINED BENEFIT PENSION PLAN – COST-SHARING MULTIPLE-EMPLOYER

A. Plan Description

The School Board contributes to a cost-sharing multiple-employer defined benefit pension plan administered by the Virginia Retirement System (the "VRS"). All full-time, salaried permanent employees must participate in the VRS. Benefits vest after five years of service. Employees are eligible for an unreduced retirement benefit at age 65 with 5 years of service (age 60 for participating local law enforcement officers, firefighters, and sheriffs) or at age 50 with at least 30 years of service if elected by the employer (age 50 with at least 25 years of service for participating local law enforcement officers, firefighters, and sheriffs) payable monthly for life in an amount equal to 1.7 percent of their average final compensation ('AFC') for each year of credited service. Benefits are actuarially reduced for retirees who retire prior to becoming eligible for full retirement benefits. In addition, retirees qualify for annual cost-of-living increases limited to 5 percent per year beginning in their second year of retirement. AFC is defined as the highest consecutive 36 months of reported compensation. Participating local law enforcement officers, firefighters, and sheriffs may receive a monthly benefit supplement if they retire prior to age 65. The VRS also provides death and disability benefits. Title 51.1 of the Code of Virginia (1950), as amended, assigns the authority to establish and amend benefit provisions to the General Assembly of Virginia. The system issues a publicly available comprehensive annual financial report that includes financial statements and required supplementary information for VRS. A copy of that report may be downloaded from their website at http://www.varetire.org/Pdf/2009-Annual-Report.pdf or obtained by writing to the System at P.O. Box 2500, Richmond, VA 23218-2500.

B. Funding Policy

Plan members are required by Title 51.1 of the Code of Virginia (1950), as amended, to contribute 5 percent of their annual salary to the VRS. The employer may assume this 5 percent member contribution. In addition, the School Board is required to contribute the remaining amounts necessary to fund its participation in the VRS using the actuarial basis specified by the Code of Virginia (1950) and approved by the VRS Board of Trustees. The School Board's contribution rate for the fiscal year ended 2010 was 8.81 percent of covered payroll for the first nine months of the fiscal year and zero for the last three months. The School Board's contributions to

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2010

VRS for the years ending 2010, 2009, and 2008 were \$14,532,319, \$20,222,996, and \$22,236,284, respectively, and are equal to the required contributions for each year.

NOTE 11. OTHER POSTEMPLOYMENT BENEFITS

Plan Description

In addition to the pension benefits described in Notes 9 and 10, the County provides two types of other postemployment health care benefits ("OPEB") for retired employees through a single-employer defined benefit plan ("Plan"). The benefit levels, employee contributions and employer contributions are governed by the County and can be amended by the County.

The County participates in the Virginia Pooled OPEB Trust Fund ("Trust Fund"), an irrevocable trust established for the purpose of accumulating assets to fund postemployment benefits other than pensions. The Trust Fund issues a separate report, which can be obtained by requesting a copy from the plan administrator, Virginia Municipal League ("VML") at P.O. Box 12164, Richmond, Virginia 23241.

Plan Provisions

The County provides health and dental care benefits during retirement for retirees and their dependents. Employees who wish to have County sponsored health and dental care coverage must enroll within 31 days of the date their employment coverage ends. Employees retiring with an immediate VRS monthly retirement payment may elect to be covered under the County sponsored medical and dental plan at the time they retire.

Eligible retirees under the age of 65 and their dependents, can remain in the County' health and dental plans. Medicare eligible retirees at age 65, move to a Medicare carve-out plan which is coordinated with Medicare. Upon the death of the retiree, surviving spouses may elect to remain in the County's plan.

Current Henrico County retirees who qualify for health benefits receive an implicit rate subsidy by participating in the active employee health care risk pool. The County also provides a retiree health care supplement for retirees who meet the following eligibility conditions:

- 1. Retirees who are not eligible for the VRS health care credit.
- 2. Retirees must have a minimum of 20 full years of VRS service, 10 of which must be with the County.
- 3. The supplement will be paid only to eligible retirees who choose to remain in the County's group plan.
- 4. Employees retiring on a VRS disability will receive the monthly supplement for the greater of 30 years or their actual years of VRS service.

Effective January 1, 2006, the monthly supplement is \$3.00 for each full year of service. The plan is not capped; therefore, all VRS service will be recognized for the supplement.

Membership

At June 30, 2010, membership consisted of:

Retirees and beneficiaries	1,950
Active employees	8,663
Total participants	<u>10,613</u>

Funding Policy

The County currently plans to contribute amounts to the Virginia Pooled OPEB Trust Fund sufficient to fully fund the Annual Required Contribution ("ARC"), an actuarially determined contribution amount in accordance with the parameters of GAAP.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2010

Annual OPEB Cost and Net OPEB Obligation (Asset)

In accordance with GAAP, an actuarial study was prepared calculating the postemployment healthcare cost as of June 30, 2009. The actuarial evaluation estimated the Unfunded Actuarial Accrued Liability ("UAAL") at \$85,177,368 and an ARC of \$9,067,063. The postemployment healthcare cost was determined under the Projected Unit Credit Actuarial Cost Method. The calculation was based on a 7.0 percent discount rate and the amortization of the UAAL over 30 years. This represents a level of funding that if paid on a ongoing basis, is projected to cover normal cost each year and the amortization of the UAAL over 30 years. The current ARC of \$9,067,063 is 2.00 percent of annual covered payroll. The following table presents the OPEB cost for the year, the amount contributed and changes in the OPEB Plan for the year ended June 30, 2009.

NET OPEB OBLIGATION (ASSET)

Annual Required Contribution (ARC)	\$ 9,375,600
Interest on Net OPEB Obligation (Asset)	(458,485)
Adjustment to the ARC	 393,315
Annual OPEB Cost	9,310,430
Contributions made	 (9,375,000)
Increase in Net OPEB Asset	(65,170)
Net OPEB Obligation (Asset) beginning of year	 (6,549,785)
Net OPEB Obligation (Asset) end of year	\$ (6,614,955)

The County's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB asset for the fiscal year ended June 30, 2010 is as follows:

TREND INFORMATION FOR COUNTY

FISCAL YEAR ENDED	ANNUAL OPEB COST	PERCENTAGE OF OPEB CONTRIBUTED	NET OPEB ASSET
June 30, 2008	\$8,922,677	133.30%	\$ (2,967,323)
June 30, 2009	\$9,067,538	139.64%	\$ (6,549,785)
June 30, 2010	\$9,310,430	100.70%	\$ (6,614,955)

The Net OPEB Asset and other assets are reported in the Statement of Net Assets. The adjustment from modified accrual to full accrual is as follows:

Balances at June 30, 2010 were:	
Net OPEB Asset (detail above)	\$ 6,614,955
Bond Issuance Costs (Note 1)	 2,588,212
Combined adjustment	\$ 9,203,167

Funded Status and Funding Progress

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumption about future employment, mortality, and health care cost trends. The amounts determined from the actuarial study regarding the funded status of the Plan and annual required contributions of the County are subject to continued revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress shows whether the actuarial value of the plan assets is increasing or decreasing over time relative to the AAL.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2010

SCHEDULE OF FUNDING PROGRESS (UNAUDITED *)

Actuarial Valuation <u>Date</u>	Actuarial Value of <u>Assets</u>	Actuarial Accrued Liability (AAL)	Unfunded Actuarial Accrued Liability (UAAL)	Ratio Funded Obligation	Covered Payroll	UAAL as a Percentage of Covered <u>Payroll</u>
June 30, 2008 *	\$6,400,000	\$87,072,509	\$80,672,509	7.35%	\$426,183,188	18.93%
June 30, 2009 *	\$11,024,022	\$85,177,368	\$74,153,346	12.94%	\$452,853,644	16.37%
June 30, 2010	\$18,186,171	\$90,510,200	\$72,324,029	20.10%	\$222,143,387	32.56%

Actuarial Methods and Assumptions

The projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used included techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculation.

In the June 30, 2010 actuarial valuation, the Projected Unit Credit Actuarial Cost Method was used. The actuarial assumptions included a 7.00 percent rate of return and an annual healthcare cost trend rate of 8.75 percent trending down over the next eight years to a rate of 5.00 percent for future years. The remaining amortization period at June 30, 2010 for the UAAL was 27 years.

NOTE 12. DEFINED COMPENSATION PLAN

The School Board participates in an Early Retirement Program (the "Program") for eligible employees. All full time employees of the School Board are eligible to participate in the Program at age 50 up to their full Social Security retirement age. Retirees must have at least 10 years of employment with Henrico County Public Schools and at least 16 years of coverage under the Virginia Retirement System or 25 years of total teaching experience. Eligible retirees can be involuntarily taken out of the Program for disability or performance issues. The Program can be terminated for lack of funds.

Eligible retirees receive 24 percent of their final compensation annually for a period not to exceed 7 years or until they reach full, unreduced Social Security retirement age, whichever occurs first. Retirees' final compensation includes regular pay, including supplements but does not include overtime. Retirement compensation is adjusted pro-rata for the cost of living increases or decreases that are approved by the School Board. As a condition of the Program, participants are required to work 20 days per year. The total maximum days worked is limited to 140 days over a 7-year period. During the fiscal year ended June 30, 2010, an expenditure of \$8,199,356 was recognized in the government-wide financial statements for the compensation paid under the Early Retirement Program during the current year.

NOTE 13. INTERFUND AND COMPONENT UNIT OBLIGATIONS

The General Fund has an advance due from Belmont Park Golf Course for \$112,500 for a loan. The General Fund has a receivable due from JRJDC for operating expenses paid by the General Fund and from Belmont Park Golf Course for a loan. The Water and Sewer Fund also has a receivable due from the Capital Projects Fund for a loan and the Capital Projects Fund has a payable to Schools for a loan.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2010

Individual interfund and component unit receivables and payables balances at June 30, 2010 were as follows:

	Receivables	Payables
General Fund	\$ 989,460	\$ -
Water and Sewer Fund	5,450,760	-
Capital Projects Fund	-	15,367,138
Belmont Park Golf Course	-	455,316
Component Unit - School Board	9,916,378	-
Component Unit - JRJDC		534,144
-	<u>\$ 16,356,598</u>	\$ 16,356,598

NOTE 14. FUND TRANSFERS

Transfers within the County are made between the General Fund, Special Revenue Fund, Debt Service Fund and the Capital Projects Fund. The transfers are made primarily for the payment of debt and interest, construction in progress and to support educational and special revenue activities.

Inter-fund transfers for the year ended June 30, 2010 were as follows:

	Transfers Out	Transfers In
Governmental Funds:		
General Fund	\$ 88,649,004	\$ -
Special Revenue Fund	3,853,700	18,989,929
Debt Service Fund	-	53,531,905
Capital Projects Fund	4,000,000	23,980,870
	\$ 96,502,704	\$ 96,502,704

NOTE 15. RELATED-PARTY TRANSACTIONS

During fiscal year 2010, the County contributed \$645,931 to the Economic Development Authority, to foster economic development within the County, and the County received \$225,970 from the Capital Region Airport Commission for water and sewer services.

NOTE 16. DEFERRED REVENUE

Deferred revenue represents amounts for which asset recognition criteria have been met, but for which revenue recognition criteria have not been met. Under the modified accrual basis of accounting, such amounts are measurable, but not available. Deferred revenue related to the County's governmental funds and the School Board component unit, including advance property tax collections, totaling \$29,861,456, is comprised of the following:

A. Advance Grant Funding

This represents a liability incurred by the County for monies accepted from a grantor using an advancement method for payments. The liability is reduced and revenue is recorded when expenditures are made in accordance with the grantor's requirements. Advanced grant funding at June 30, 2010 totaled \$4,844,214 and \$4,604,910 in the Special Revenue Funds for the County and the School Board respectively.

B. <u>Unearned Property Tax Revenue</u>

Unearned revenue representing uncollected tax billings not available for funding of current expenditures totaled \$8,433,379 at June 30, 2010.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2010

C. Advance Property Tax Collections

Property taxes due subsequent to June 30, 2010, but paid in advance by the taxpayers, totaled \$11,895,695 at June 30, 2010.

D. Other Deferred Revenue

This represents grant monies that the County is entitled to but is not yet an available resource at June 30, 2010. The County recorded \$8,475 in the General Fund for monies received in advance of expenditures being made as of June 30, 2010. Deferred grant revenue for the Schools Special Revenue Fund totaled \$74,783 for USDA donated food inventory on hand at June 30, 2010.

Also, the Water and Sewer Enterprise Fund recorded deferred revenue in the amount of \$18,086,618, which consists of an advance payment from a customer of \$10,157,870 for water capacity, an advance from a customer of \$2,082,787 for sewer capacity and amounts held for contractors of \$5,845,961.

NOTE 17. SURETY BONDS (UNAUDITED)

Surety bonds covered the following constitutional officers and County employees at June 30, 2010:

Constitutional Officers - Self-Insurance Plan, Commonwealth of Virginia

Yvonne Smith – Clerk of the Circuit Court and Employees of the Clerk of the Circuit Court	\$	1,120,000
John A. Vithoulkas – Director of Finance and Employees of the Director of Finance	\$	1,000,000
Michael L. Wade – Sheriff and Employees of the Sheriff's Office	\$	30,000
Travelers Casualty and Surety Company of America		
All County positions All School positions	\$ \$	1,000,000 1,000,000
Fidelity and Deposit Company of Maryland		
Virgil R. Hazelett – County Manager	\$	100,000
Paul N. Proto – Director of Department of General Services	\$	100,000
George T. Drumwright, Jr. – Deputy County Manager	\$	100,000
Angela N. Harper – Deputy County Manager	\$	100,000
Randall R. Silber – Deputy County Manager	\$	100,000
Leon T. Johnson – Deputy County Manager	\$	100,000
Robert K. Pinkerton – Deputy County Manager	\$	100,000
Jane D. Crawley – Director of Department of Social Services	\$	100,000
Mark J. Coakley – Registrar	\$	100,000
Debra Hargrave – School Board Deputy Agent	\$	10,000
Deborah N. Ward – School Board Deputy Clerk	\$	10,000
Debra Sue M. Largen – School Board Clerk	\$	10,000
Patrick Russo – School Superintendent and Deputy Agent	\$	10,000
Kevin D. Smith – School Board Agent	\$	10,000

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2010

NOTE 18. JOINT VENTURES

A. The Capital Region Airport Commission

The Capital Region Airport Commission (the "Airport Commission") was created in 1975 pursuant to Virginia statute. On January 1, 1976, the County and the City of Richmond entered into an intergovernmental joint venture for the operation of the Richmond International Airport (the "Airport") by the Commission. As part of the venture, the City of Richmond conveyed the Airport property to the Commission and the Commission in turn agreed to reimbursement of the outstanding debt of the City relating to the property. The County also made a contribution to the Airport Commission for a 40 percent interest in the venture. The Counties of Chesterfield and Hanover became Airport Commission participants in fiscal year 1984 and fiscal year 1986, respectively.

The Airport Commission is comprised of a fourteen-member board of directors, with four members each being appointed by the City of Richmond, the County of Henrico and the County of Chesterfield governing bodies and two members being appointed by the County of Hanover governing body. The Airport Commission generates its revenues from service charges to users of the Airport facilities to recover the costs of maintaining, repairing and operating the Airport. Virginia statute requires that the Airport Commission annually submit a budget showing estimated revenues and expenditures to the governing bodies of the City of Richmond and the three counties for their approval. After approval of the proposed budget by the governing bodies, if the Airport Commission's budget contains estimated expenditures which exceed estimated revenues, then the governing bodies are required to fund the deficit in proportion to their financial interests in the Airport Commission. If, however, actual revenues are less than estimated revenues (resulting in a deficit), the City of Richmond and the three counties may, at their discretion, appropriate funds necessary to fund the deficit. The County has agreed to fund its portion of the deficit, if any.

The percentage shares of the jurisdictions involved include the following:

City of Richmond	29.27%
County of Henrico	31.44%
County of Chesterfield	30.17%
County of Hanover	9.12%
	100.00%

This financial interest is determined by applying the percentage of the total approximate population of each jurisdiction to the combined total population of all jurisdictions. The above percentages are based on the final 1990 census figures provided by the Richmond Regional Planning District Commission.

Complete financial statements for the Airport Commission can be obtained from their administrative office at South Airport Drive, Richmond, Virginia 23231.

B. The Greater Richmond Convention Center Authority

The Greater Richmond Convention Center Authority ("Convention Authority"), a political subdivision of the Commonwealth of Virginia, was created on January 9, 1998 pursuant to the Public Recreational Facilities Authorities Act, Chapter 56 of Title 15.2 of the Code of Virginia (1950). The political subdivisions participating in the incorporation of the Convention Authority are the City of Richmond and the Counties of Henrico, Chesterfield and Hanover. The Convention Authority is governed by a five-member commission comprised of the chief administrative officer of each of the four incorporating political subdivisions and the President/CEO of the Retail Merchants Association of Greater Richmond.

The Convention Authority was created to acquire, finance, expand, renovate, construct, lease, operate and maintain the facility and grounds of a visitors and convention center or centers including the facility and grounds currently known as the Richmond Centre. The primary purpose of the Convention Authority is to issue revenue bonds to finance the expansion of the Richmond Centre facility and to construct access,

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2010

streetscape, or other on-site/off-site improvements. Once the expansion is complete, the Convention Authority will have responsibility for the operation and maintenance of the convention center.

The Convention Authority has issued \$158,415,000 in Hotel Tax Revenue Bonds, which are secured by an 8 percent transient occupancy tax imposed and collected by the localities. The County recorded an expenditure of \$8,861,668 for transient occupancy tax to the Convention Authority during the year ended June 30, 2010.

Complete financial statements for the Convention Authority can be obtained from Chesterfield County, Accounting Department, P.O. Box 40, Chesterfield, VA 23832.

NOTE 19. LANDFILL CLOSURE AND POSTCLOSURE CARE LIABILITY

State and Federal laws and regulations require the County to place a final cover on each phase of its Springfield Road landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the Springfield and Charles City Road Landfill site for thirty years after closure. In accordance with GASB Statement No. 18, Accounting for Municipal Solid Waste Landfill Closure and Post-closure Care Costs, \$9,362,578 has been reported as landfill closure and post-closure care liability in the County's financial statements at June 30, 2010. The balance represents the cumulative amount reported to date based on the use of 100 percent of the estimated capacity of the Eastern Phase and Phase I, 98.9 percent of Phase II's estimated capacity, and 97.8 percent of Phase III's and 25.8 percent of Phase IV's estimated capacity. The County will recognize the remaining estimated cost of closure and post-closure care of \$2,023,690 of Phase II and Phase III as the remaining capacity is filled. These amounts are based on what it would cost to perform all closure and post-closure care in 2010. Actual costs may be higher due to inflation, changes in technology, or changes in regulations.

The County plans to meet all Federal laws, regulations, and tests of financial assurance related to the financing of closure and post-closure care. The County estimates that the remaining life of the landfill is approximately 4 years and will be closed in September 2014.

NOTE 20. SPECIAL ASSESSMENT

On September 26, 2000, the Board of Supervisors, by resolution, created the Short Pump Town Center Community Development Authority (SPTC Authority). The creation of the SPTC Authority was the result of a petition filed with the Board of Supervisors by the landowners within the Short Pump Town Center Community Development District (SPTC District). The District consists of approximately 120 acres of land within the County. The Short Pump Town Center consists of an approximately 1.18 million square foot open-air two-level regional style retail mall and certain out-parcel development.

On October 24, 2000, the Board of Supervisors adopted an ordinance authorizing the levy of the Special Assessments on the abutting properties within the SPTC District. On October 20, 2000 the Authority authorized the issuance of the Short Pump Town Center Community Development Authority, \$25,495,000 Taxable Special Assessment Bonds, Series 2003 (2003 Bonds). On September 24, 2003, the 2003 Bonds were issued in accordance with the provisions of Article 6 of Chapter 51 of Title 15.2 of the Code of Virginia of 1950, as amended. The 2003 Bonds financed (a) the cost of certain infrastructure improvements to benefit the District (b) the payment of capitalized interest through February 1, 2004 (c) funded the Debt Service Reserve Fund and (d) paid certain costs of issuance. Neither the Faith and Credit of the Commonwealth of Virginia (the Commonwealth), nor the Faith and Credit of the Authority, any County, City, Town or other Subdivision of the Commonwealth, including the County of Henrico, Virginia, are pledged to the payment of the principal or interest on the 2003 Bonds. At June 30, 2009, the total Bonds outstanding were paid in full. The final principal payment of \$5,650,000 was paid on February 1, 2009.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2010

On March 14, 2006, the Board of Supervisors, by resolution, created the Reynolds Crossing Community Development Authority (RCC Authority). The creation of the RCC Authority was the result of a petition by the landowners of the Reynolds Crossing Community Development District (RCC District). The RCC District consists of approximately 71 acres, of which approximately 51 acres can be developed. The District is located in the western portion of Henrico County. The District will include retail, office and hotel development, a four-lane road connector, wetland areas and a storm-water pond.

On October 10, 2006, the Board of Supervisors adopted an ordinance authorizing the levy of the Special Assessments on the properties within the RCC District. On January 7, 2007, the Authority authorized the issuance of the Reynolds Crossing Community Development Authority, \$14,594,000, Special Assessment Revenue bonds, Series 2007 (2007 Bonds). On June 19, 2007, the 2007 Bonds were issued in accordance with provisions of the Virginia Water and Waste Authorities Act, Chapter 51, Section 15.2-5100 of the Code of Virginia, 1950, as amended. The 2007 Bonds will finance (a) the cost of certain infrastructure improvements to benefit the RCC District (b) the payment of capitalized interest (c) fund the Debt Service Reserve fund and (d) pay certain costs of issuance. Neither the Faith nor Credit of the Commonwealth of Virginia (Commonwealth), or the Authority, or any Political Subdivision thereof, including the County is pledged to the payment of the principal or interest on the 2007 Bonds. At June 30, 2010, the total Bonds outstanding were \$13,839,000. As of June 30, 2010, \$744,294 of interest was paid from the Debt Service Reserve Fund. The first principal payment of \$755,000 was paid March 1, 2010.

By memorandum of understanding between the County and the District, dated November 1, 2006, the County will collect and pay to the District the Special Assessments levied on the District. The Special Assessments for 2010 were \$365,000. As of June 30, 2010, the County has collected \$182,500 which represents the amount of first half collections which were paid to the RCC District on August 15, 2010.

On December 12, 2006, the Board of Supervisors, by resolution created The Shops at White Oak Village Community Development Authority (SWOV Authority). The creation of the SWOV Authority was the result of a petition filed October 19, 2006 with the Board of Supervisors by the landowners within The Shops at White Oak Village Community Development Authority District (SWOV District). The SWOV District is located within an 136 acre commercial and retail development known as "The Shops at White Oak Village." The SWOV District consists of approximately 87 acres of land within Henrico County. The SWOV District consists of an open-air regional retail center and outparcel development, with four major anchor stores.

On October 17, 2007, the SWOV Authority issued \$23,870,000 Special Assessment Revenue Bonds, Series 2007 (Bonds) which were used to finance the cost of infrastructure improvements within the SWOV District. Neither the Faith nor the Credit of the Commonwealth of Virginia, or the SWOV Authority, or any Political Subdivision thereof, including the County of Henrico, is pledged to the payment of principal or interest on the Bonds.

At June 30, 2010, the total Bonds outstanding were \$22,370,000 and interest of \$1,265,110 was paid out of the Debt Service Reserve Fund. The first principal payment occurred on March 1, 2010. By memorandum of understanding, between the County and the SWOV District, dated September 1, 2007, the County will collect and pay to the SWOV District the Special Assessments levied on the SWOV District. The Special Assessments for 2010 were \$3,790,000. As of June 30, 2010, the County has collected \$1,895,000 which represents the first half collections which were paid to the SWOV District on August 15, 2010.

NOTE 21. JOINTLY GOVERNED ORGANIZATIONS

A. Central Virginia Waste Management Authority

The Central Virginia Waste Management Authority (the "CVWM Authority") was established under the provision of the Virginia Water and Sewer Authorities Act. The CVWM Authority's board is comprised of representatives from the Counties of Charles City, Chesterfield, Goochland, Hanover, Henrico, New Kent, Powhatan and Prince George, the Cities of Colonial Heights, Petersburg and Richmond, and the Town of Ashland. The 20-member board is comprised of no less than one and up to no more than three members from each of the participating jurisdictions, determined on a population basis. The County has three representatives serving. The CVWM Authority is responsible for creating and implementing recycling and solid waste

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2010

management programs for its local member jurisdictions in order to meet waste reduction mandates set by the Virginia General Assembly. Except for contribution requirements and direct payments for special projects, no participant has any ongoing financial interest or responsibility in the Waste Authority. The County's contribution and direct payments for special projects for the year ended June 30, 2010 were \$2,438,859.

B. Greater Richmond Partnership

The Greater Richmond Partnership is comprised of members from the City of Richmond and the Counties of Chesterfield, Hanover, and Henrico. Together in partnership with the business leadership of the area, the Greater Richmond Partnership's purpose is to further economic development of the metropolitan area. The County has one representative serving on the Greater Richmond Partnership's Board of Directors and the County contributed \$370,000 for the year ended June 30, 2010.

C. Richmond Metropolitan Convention and Visitors Bureau

The Richmond Metropolitan Convention and Visitors Bureau ("RMCVB") serves the City of Richmond and the Counties of Chesterfield, Hanover and Henrico by promoting conventions, tourism and development in the metropolitan Richmond area in order to increase revenues, provide increased employment and improve the economic health of all jurisdictions involved. The County has six representatives serving on RMCVB's Board of Directors and contributed \$1,945,111 to RMCVB for the year ended June 30, 2010.

D. Richmond Regional Planning District Commission

The Richmond Regional Planning District Commission ("RRPDC") is comprised of members from the Counties of Charles City, Chesterfield, Goochland, Hanover, Henrico, New Kent, Powhatan, the City of Richmond and the Town of Ashland. The major functions of the RRPDC are to promote regional cooperation; coordinate the activities and policies of member local governments; resolve service delivery problems involving more than one government within the region and provide planning assistance to local governments. In accordance with its Charter, the RRPDC promotes the orderly physical, social and economic development of the region through planning and encouraging local governments to plan for the future. The County has six representatives serving on the RRPDC and paid total dues of \$175,060 for the year ended June 30, 2010.

NOTE 22. SUBSEQUENT EVENTS

On July 20, 2010, the County sold General Obligation Public Improvement Bonds, Series 2010A in the aggregate principal amount of \$72,205,000. The proceeds of the Bonds will be used to finance capital school improvement projects, library facilities, fire stations, recreation and park facilities improvements and various road projects in the County, pursuant to the voter authorizations at elections held in the County on March 8, 2005. The Bonds mature on August 1st in each of the years 2011 through 2030. The interest rate ranges from 2 percent to 5 percent.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION JUNE 30, 2010

Budgets are adopted on a basis consistent with GAAP. Annual Operating budgets are adopted for all Governmental Funds (including Schools) except for the Capital Projects Fund, in which effective budgetary control is achieved on a project-by-project basis when funding sources become available. Budgeted amounts shown are as amended by the Board during the course of the fiscal year.

Statistical Section

This component of the County's Comprehensive Annual Financial Report presents detailed information as a context for understanding what the information in the basic financial statements, note disclosures, and required supplementary information indicate about the County's financial health over an extended period of time.

The goal of the statistical section is to be the chief source of information regarding the County's economic condition. For a more complete understanding of the data summarized herein, please refer to the County's previous Comprehensive Annual Financial Reports as well as the accompanying transmittal letter, management's discussion and analysis and the aforementioned basic financial statements, in their entirety (including the note disclosures and required supplementary information).

Contents

Financial Trends Tables I – IV

These schedules contain trend information to help the reader understand how the County's financial performance and well-being have changed over time.

Revenue Capacity Tables V – VIII

These schedules contain information to help the reader assess the County's most significant local revenue sources, the real and personal property tax.

Debt Capacity

Tables IX – X

These schedules present information to help the reader assess the affordability of the County's current levels of outstanding debt and the County's ability to issue additional debt in the future.

Demographic and Economic Information

Tables XI – XII

These schedules offer demographic and economic indicators to help the reader understand the environment within which the County's financial activities take place.

Operating Information

Tables XIII – XV

These schedules contain service and infrastructure data to help the reader understand how the information in the County's financial report relates to the services the County provides and the activities it performs.

Notes: The County assesses property annually. Property is assessed at market value in accordance with State law, except as noted below in Virginia's Land Use Code.

Title 58.1-3230 through 3244 of the Code of Virginia provides for the assessment of land based on use value rather than market value. Title 58.1-3201 of the Code of Virginia provides for the assessment of real property at 100% of fair market value.

Use value is the assessment of the land for a specific purpose and is generally lower than market value. This is a local option statute adopted by Henrico County in 1976.

⁽¹⁾ Includes commercial, industrial, manufacturing and agriculture

Notes: Details regarding the County's outstanding debt can be found in the notes to the financial statements.

However, with certain exceptions, all debt, which is secured by the general obligation of a county, must be approved at public referendum prior to issuance. (1) There are no limitations imposed by State Law or Local Ordinance on the amount of general obligation debt that may be issued either directly or indirectly.

⁽²⁾ The County's GO Bond (plus Literary Loans, if applicable).(3) Calculations based on calculated trend (see Table XI Sources).

Source: County of Henrico, Department of Human Resources (Education complement verified by School Finance Office)

⁽¹⁾ The County's personnel complement reflected here includes only those positions funded either wholly or in part with County funds. Positions funded 100% by non-County funds (294 as of March 22, 2010) are not included. General Government positions are based on headcount while Education positions are measured using FTE.

⁽²⁾ Certain approved, vacant and frozen positions have been removed from the department where previously assigned and are being held in the Human Resources Department's complement until reassignment is made. Currently, all such positions have been eliminated.
