HOUSEHOLD INFORMATION

- Write down phone numbers and email addresses for everyone in your household and other contacts including extended family, friends, neighbors or coworkers. This information will help you reconnect with others even if you don't have your mobile device with you or if the battery runs down. If you have a household member who is deaf or hard of hearing, or who has a speech disability and uses traditional or video relay service (VRS), include information on how to connect through relay services on a landline phone, mobile device or computer.

OUT-OF-TOWN CONTACT

- Identify someone outside of your community or state who can act as a central point of contact to help your household reconnect. In a disaster, it may be easier to make a longdistance phone call because local phone lines can be overwhelmed or impaired.

EMERGENCY ALERTS

- Sign up for Henrico Alert, Henrico County's Emergency Notification System, to receive emergency alerts on your phone.

Visit www.henriccoalert.org to sign up.

OTHER IMPORTANT NUMBER AND INFO

- Write down, store or have convenient access to phone numbers for emergency services, utility and service providers, medical providers, veterinarians, insurance companies and other critical services.
