

MY FIRE SAFETY BOOK

An Accredited Fire Service Agency

Fire is Hot! It can hurt you...

Circle the
things that
can be
hot.

Plan to Escape!

Make a family escape plan.
Draw the location of your smoke alarm.
Draw two ways out of every room.
Pick a safe outside family meeting place.
Plan to call 911 from outside by using a cell
phone or neighbors phone.

My Family's Fire Escape Plan

Fire Dept. Phone # _____

SA Smoke Alarm

Meeting Place

Ask Mom or Dad to help.

This image shows a full page of blank graph paper. The grid consists of small, equal-sized squares formed by thin black lines. There are 20 columns and 20 rows of squares, creating a total of 400 square units. The grid covers the entire area of the page, leaving no margins or other markings.

Stay low and crawl under the smoke.

**Fall and
Crawl.**

Crawl under smoke. The air near the floor is better. Stay low and get out fast!

Once outside, stay outside.

**Get OUT
and Stay
OUT!**

If you smell smoke or see fire, go outside FAST. Stay outside and wait for help.

EXIT

Look for exits in every building you enter.

BURNS

Use water to cool a burn.

**Matches and
Lighters are
Adult tools**

Matches and lighters are grown up tools. They are not toys.
Never touch matches or lighters.

If fire gets on your clothes, STOP, DROP, and ROLL. Cover your face with your hands.

Install smoke alarms on each level of your home. Having a smoke alarm in each bedroom is an even better idea. Test them weekly and change batteries when the time changes. Vacuum them out often. Replace smoke alarms every 5-10 years as recommended by the manufacturer.

**Firefighters
are our
friends.**

Firefighters come to help you and your family. Sometimes they look different in their firefighting clothes. But remember firefighters are always ready to help you.

Message to Parents:

You can help your child learn these very important fire safety lessons. Review them often and develop then practice your family fire escape plan. The planning a practice you do today may save a life tomorrow. If you have questions or need assistance with fire safety education for your child, please call us at 501-5877.
