#### *Henrico names Luther to head Recreation and Parks*

Henrico County Manager Virgil R. Hazelett, P.E. announces the appointment of Edwin C. "Neil" Luther IV as director of the Division of Recreation and Parks, effective Oct. 8.

Luther, who currently serves as the division's acting director, is succeeding Karen K. Mier, who retired in June after a career of 34 years with the county.

As director, Luther will lead an agency with more than 185 full-time staff members, as well as hourly and seasonal employees, and a total budget of more than \$17.3 million for the 2012 fiscal year. Recreation and Parks provides comprehensive leisure and recreational programming for all ages, offering a variety of classes, workshops and activities in the cultural arts, nature and the environment, outdoor and therapeutic recreation. The division manages an extensive system of adult and youth sports leagues, tournaments and special events; it also coordinates the county's historic preservation and museum services. The division oversees a park system of more than 3,600 acres and operates more than 40 recreation centers, athletic complexes, community centers and other facilities, including Meadow Farm Museum, Glen Allen Stadium at RF&P Park and Three Lakes Nature Center and Aquarium.

A Henrico employee since 2002, Luther previously worked as a planner and served as assistant director of Recreation and Parks before being named acting director. Luther, a member of both the National and the Virginia Recreation and Park societies, received his bachelor's degree from Davidson College and earned a master's degree from the University of Wyoming.

#### *Henrico's 400th anniversary activities continue with Harvest Festival Oct. 15*

Henrico County will continue its 400th anniversary commemoration with live music, hands-on activities for children and demonstrations of 19th century domestic and farming activities at the 2011 Harvest Festival. The free event is set for noon to 4 p.m. Saturday, Oct. 15 at Meadow Farm Museum at Crump Park, 3400 Mountain Road.

Costumed interpreters will demonstrate tasks such as dyeing, blacksmithing, woodworking, beekeeping, cider making, candle dipping and corn shelling.

Children ages 3 to 12 can visit the Great Pumpkin Patch, decorate a miniature pumpkin, make a cornhusk doll or find their way through the hay-bale maze. They also can enjoy a petting zoo and pony rides.

In addition, the festival will offer tethered hot-air balloon rides and will feature live musical entertainment by A Good Natured Riot, the Barbara Martin Band and the Richmond Indigenous Gourd Orchestra. Commemorative items and refreshments will be available for purchase.

Participants will receive information on a variety of topics, including the special needs of foster children; what it takes to be a successful foster parent; working with program staff and the biological parents of a foster child; and the application and approval process. There will be a question-and-answer period as well.

Henrico's Department of Social Services currently has a special need for families interested in serving as foster parents for sibling groups and teens. *Henrico storm debris removal entering final stage*

Henrico's Department of Public Works (DPW) is nearing completion of its initial countywide sweep to remove debris produced by Hurricane Irene from public roadways and rights of way.

Henrico is beginning a second pass through all county neighborhoods and roads, concentrating on the removal of residential yard debris produced by the storm. There is no charge to residents for the service.

DPW is continuing its efforts along with Omni-Pinnacle, a contractor specializing in disaster response and debris removal. Crews already have removed more than 8,000 tons of debris.

"Our first priority was public safety," said DPW Director Tim Foster, P.E. "Now that county roads have been cleared we can redouble our efforts in county neighborhoods. We thank residents for their patience as we complete the cleanup process."

Residents who haven't already done so should place storm-related yard debris — brush, leaves, small trees, limbs, branches and similar woody debris — curbside or on the edge of a nearby public road by Monday, Oct. 3. Debris should not block roadways or drainage ditches. Residents cannot schedule a pickup time. Storm-related household waste is not included in the free curbside service.

Henrico anticipates completion of debris-removal efforts by mid-October, depending on weather and the amount of debris set out for collection.

*Henrico announces new customer service system for Public Utilities' customers*

Henrico County's Department of Public Utilities (DPU) is launching today an automated voice response system designed to provide water, sewer and refuse-collection customers around-the-clock access to account and service information.

Customers calling DPU's standard customer service number at (804) 501-4275 can obtain through the automated service information such as account balances, last payment received, instructions for paying by credit card, payment locations and DPU hours of operation. Callers also will have the option of speaking to a customer service representative during regular business hours, 8 a.m. to 4:30 p.m. Monday through Friday.

Intended for residential as well as commercial and industrial customers, the automated voice response system is similar to systems currently used by the county's Department of Building Construction and Inspections and the real estate division of the Department of Finance. Henrico has more than 94,200 water, sewer and refuse-collection customers.

"The automated voice response system enhances the service options available to our customers," said DPU Director Arthur D. Petrini. "It gives them a fast and effective way to obtain information any time of day."

*Henrico Public Works advises motorists to plan for heavy traffic Sept. 9-10 for NASCAR*

In preparation for the upcoming Virginia 529 College Savings 250 and Wonderful Pistachios 400 NASCAR events at Richmond International Raceway (RIR), the Henrico's Department of Public Works will modify traffic patterns on major routes to the raceway on Friday, Sept. 9 and Saturday, Sept. 10. The temporary changes should help minimize traffic congestion during the races.

Motorists should expect extremely heavy traffic and delays all day Friday and Saturday in the raceway area, especially from 8 a.m. to 7:30 p.m. before the races and from 10:15 p.m. to 2:30 a.m. after the races.

The Henrico Division of Police will have officers on duty to direct traffic around the area before and after the races. Police encourage race fans and other motorists to

consult message boards on interstate highways and roadways approaching RIR for traffic information. WRVA 1140 AM will broadcast traffic reports as well.

The following traffic patterns will be in effect Sept. 10 during peak hours:

Carolina Avenue between Laburnum and Azalea avenues will be one-way inbound before the race and one-way outbound after the race. Access to businesses along Carolina Avenue will be maintained from Laburnum Avenue.

Meadowbridge Road between the Henrico/Hanover county line and Azalea Avenue will be one-way southbound beginning at approximately 9 a.m. and continuing until the race starts.

Meadowbridge Road north of Azalea Avenue will close to northbound traffic; however, in Hanover County it will remain a two-way road at all times.

After the race, Laburnum Avenue between Carolina Avenue and Mechanicsville Turnpike will be one-way eastbound. Eastbound Laburnum Avenue between Richmond-Henrico Turnpike and Carolina Avenue will be closed until race traffic disperses. Two-way traffic will be maintained west of Richmond-Henrico Turnpike.

After the race, Meadowbridge Road north of Azalea Avenue will be one-way northbound between Azalea Avenue and Atlee Road, beginning at approximately 10 p.m. and continuing until race traffic disperses.

After the race, three lanes on Azalea Avenue between Richmond-Henrico Turnpike and Henrico High School will be routed westbound and one lane eastbound. This change will require all median crossovers on Azalea Avenue between Richmond-Henrico Turnpike and Henrico High School to close at approximately 10 p.m. until race traffic disperses. Police will assist motorists turning from Azalea Avenue to Thrush Lane and Pony Farm Drive.

While these traffic patterns are in effect, median crossovers on Laburnum Avenue will be closed between North Avenue and Mechanicsville Turnpike, except at Pilots Lane and Austin Avenue. Only right turns will be permitted to and from Laburnum Avenue. Police will be positioned at these intersections before and after the race to assist motorists turning onto or crossing Laburnum Avenue.

On-street parking on major routes to RIR is prohibited each day. Additional parking will be available Sept. 10 for \$6 at the Richmond Coliseum parking deck on North Seventh Street. Free shuttle bus service to and from RIR will be provided beginning at 1 p.m.

Parking also will be available at the Showplace on Mechanicsville Turnpike beginning at 11 a.m., \$10 per car and \$25 per recreational vehicle; free shuttle bus service to and from RIR will be provided beginning at noon.

The Henrico Division of Police has recommended the following routes for traffic approaching the raceway Sept. 9-10:
